

IMS2026 Startup Program

Be part of the **Startup Program** at IMS2026 — where visionary entrepreneurs, investors, and industry leaders in microwave and RF innovation connect. Showcase your technology, pitch to experts, and unlock opportunities through **1-on-1 meetings**, **demo competitions**, and **collaboration sessions** with big-tech and government partners.

Expert panels, intellectual property insights, and live demos: welcome to the hub where ideas accelerate into impact.

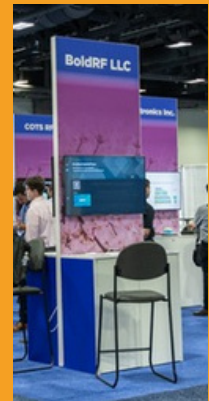

Join the epicenter of RF innovation — and help shape the future of wireless.

Let us know what piques your interest by filing out this quick [survey!](#)

Don't Miss Out! Easy Turnkey Solution Available for \$2,000.

What's included:

- Kiosk with monitor and stool
- Electrical provided (10 amp)
- Logo on kiosk signage (*if provided by the deadline*)
- 3 IMS2026 exhibitor staff badges
- 3 discounted IMS2026 conference passes
- Dedicated networking lounge within the Pavilion

Please follow these guidelines when creating your display:

- *Additional tables or other furnishings beyond the provided kiosk, monitor, and stool are not permitted.*
- *No signage may interfere with, obscure, or block the view of another exhibitor. You may not construct a backwall, set up equipment, or display materials other than on the kiosk provided. No display materials or signs may be placed on the floor.*
- *The Pavilion is a shared space so please be a good neighbor.*
- *All Pavilion participants are expected to staff their kiosk for all hours of the Exhibition.*
- *All demonstrations must take place within your own space.*
