IMS2027 Startup Pavilion

Showcasing Innovation

The Startup Pavilion, in the IMS2027 Exhibition, fosters a dynamic environment where ideas meet opportunity, paving the way for fruitful collaborations and groundbreaking partnerships between visionary entrepreneurs, industry giants, and potential investors.

Be part of the epicenter of innovative microwave and RF products and services, where rising companies disrupt the status quo. Unlock direct access to decision-makers by meeting one-on-one with investors, potential customers, and government program managers.

Don't Miss This Easy Turnkey Solution Available for \$2,000!

What's included:

- Kiosk with monitor and stool
- Electrical provided (10 amp)
- Company name on kiosk signage
- 3 IMS2027 exhibitor staff badges
- 3 discounted IMS2027 passes
- Dedicated networking lounge within the Pavilion
- Opportunity to participate in demos and talks about your product

Deadline for participation: 31 March 2027

Please follow these guidelines when creating your display:

- Additional tables or other furnishings beyond the provided kiosk, monitor, and stool are not permitted.
- No signage may interfere with, obscure, or block the view of another Exhibitor. You may not construct a backwall, set up equipment, or display materials other than on the kiosk provided. No display materials or signs may be placed on the floor.
- All Pavilion participants are expected to staff their kiosk for all hours of the Exhibition.
- All demonstrations must take place within your own space.
