EASY IS NICE, ON ANY DEVICE.
FreemanOnline® provides you with all the right tools to ensure a seamless execution at show site, from move-in to move-out. With an enhanced FreemanOnline, we are making it easier than ever for you to get what you want to have a great event:

- Access important show information
- Track freight
- Receive notifications
- Receive assistance through Concierge Services while at show site
- Order Freeman products and services pre-show, during move-in and while the show is open
- Expedite the move out process
- Access invoices after the show

SERVICE INFORMATION

BOOTH EQUIPMENT
Each 10’ x 10’ booth will be set with 8’ high black back drape and 3’ high black side dividers. Booths 300 sq.ft. or less will receive a one-line identification sign. Booths larger than 300 sq. ft. may receive a one-line identification sign upon request.

EXHIBIT HALL CARPET
The exhibit area is NOT carpeted; however, the aisles will be carpeted in latte. Exhibitors are required to have floor covering. To enhance the appearance of your booth, rental carpet is available through Freeman. Please refer to the Carpet Brochure and Order Form.

DISCOUNT PRICE DEADLINE DATE
Order early to take advantage of advance order discount rates, place your order by Friday, May 10, 2019.

SHOW SCHEDULE

EXHIBITOR MOVE-IN
For more information and helpful hints on pre-show procedures and move-in, please go to Pre-Show FAQ.
Saturday June 01, 2019 9:00 a.m. - 5:00 p.m.
Sunday June 02, 2019 9:00 a.m. - 5:00 p.m.
Monday June 03, 2019 9:00 a.m. - 5:00 p.m.
All labor performed on Sunday will have double time charges applied. All labor performed on Saturday and after 4:30 p.m. on Monday will have overtime charges applied. All inbound material handling services performed Saturday, Sunday and after 4:30 p.m. on Friday will have overtime charges applied.

EXHIBITOR MOVE-OUT
For more information and helpful hints on post-show procedures and move-out, please go to Post-Show FAQ.
Thursday June 06, 2019 3:00 p.m. - 9:00 p.m.
Friday June 07, 2019 8:00 a.m. - 5:00 p.m.
All labor and outbound material handling services performed after 4:30 p.m. will have overtime charges applied.

DISMANTLE AND MOVE-OUT INFORMATION
- Freeman will begin returning empty containers as soon as the aisle carpet is removed from the exhibit floor.
- All exhibitor materials must be removed from the exhibit facility by 5:00 p.m. on Friday, June 07, 2019.
- To ensure all exhibitor materials are removed from the exhibit facility by the Exhibitor Move-Out deadline, please have all carriers check in by 2:00 p.m. on Friday, June 07, 2019. Drivers not checked in by this time will risk the possibility of their shipments going out on the house carrier.
POST SHOW PAPERWORK AND LABELS
Our Exhibitor Services Department will gladly prepare your outbound Material Handling Agreement and labels in advance. Complete the Outbound Shipping form and your paperwork will be available at show site. Be sure your carrier knows the company name and booth number when making arrangements for shipping your exhibit at the close of the show.

EXCESSIVE TRASH AND BOOTH ABANDONMENT
Any excessive trash which consists of display materials, carpet, padding, crates and/or pallets will be disposed of and charged both a handling fee and disposal fee during exhibitor move-in. Excessive booth materials and/or literature left in the booth at the end of the published exhibitor move-out that is not labeled for an outbound shipment will be considered abandoned and deemed as trash. The exhibitor will be charged for the removal and disposal of these items. Charges may include Installation & Dismantle Labor, Forklift/Rigging Labor, and/or Dumpster Fee. Please call our Exhibitor Services Department at (508) 894-5100 for a quote.

SERVICE CONTRACTOR CONTACTS/INFORMATION:

FREEMAN
275 Bodwell Street
Avon, MA 02322

FREEMANONLINE®
Take advantage of discount pricing by ordering online at www.freeman.com by Friday, May 10, 2019. Using the enhanced FreemanOnline, you will enjoy easy access to added features and functions as well as the high caliber of Freeman services you’ve come to expect — before, during and after your show. Additionally, you can now access FreemanOnline from any device — desktop, laptop, tablet or via our new FreemanOnline Mobile App.

To place online orders, you will be required to enter your unique Username and Password. If this is your first time to use FreemanOnline, click on the “Create an Account” link. To access FreemanOnline without using the email link, visit www.freeman.com. You can also download and use the FOL Mobile App from the Apple or Android store, or here: folmobile.freemanco.com. A mobile web version of the FreemanOnline Mobile App is available to extend mobile use for those users that do not have an Apple or Android device or who do not want to download the app.

If you need assistance with FreemanOnline, please call our Customer Support Center at (888) 508-5054 Toll Free US and Canada or +1 (512) 982-4186 Local and International.

SHIPPING INFORMATION

Warehouse shipping address:

Exhibiting Company Name
IEEE/MTT-S INTL MICROWAVE SYMPOSIUM
Booth #__________
C/O Freeman
25 Doherty Ave
Avon, MA 02322

PLEASE NOTE: The warehouse is open from 8:00 a.m. - 4:00 p.m. Monday - Friday. Exceptions are noted below.

Freeman will accept crated, boxed or skidded materials beginning Wednesday, May 01, 2019 at the above address. Materials arriving after Friday, May 24, 2019 will be received at the warehouse with an additional after deadline charge. Please note that the Freeman Warehouse does not accept uncrated freight (loose, pad-wrapped material and/or unskidded machinery), COD shipments, hazardous materials, freight requiring refrigerated or frozen storage, a single piece of freight weighing more than 5,000 pounds or a single piece of freight beyond the dimensions of 108” H x 93” W. Certified weight tickets must accompany all shipments. If required, provide your carrier with this phone number: (508) 894-5100.

PLEASE NOTE: The warehouse will be closed on Monday, May 27, 2019 in observance of Memorial Day. Shipments will not be accepted on this date.

Show site shipping address:

- Exhibiting Company Name
- IEEE/MTT-S INTL MICROWAVE SYMPOSIUM
- Booth #___________
- C/O Freeman
- Boston Convention & Exhibition Center
- 415 Summer Street
- Cypher Street Entrance
- Boston, MA 02210

Freeman will receive shipments at the exhibit facility beginning at 8:00 a.m. on Saturday, June 01, 2019. Shipments arriving before this date may be refused by the facility. Any charges incurred for early freight accepted by the facility will be the responsibility of the exhibitor. Certified weight tickets must accompany all shipments. If required, provide your carrier with this phone number: (508) 894-5100.

PLEASE NOTE: All items and materials that must be brought into the facility may be subject to Material Handling Charges and are the responsibility of the Exhibitor. This also applies to items not ordered through the Official Show Vendors. Refer to the material handling form for charges for the service.

Please be aware that disposal of exhibit properties is not included as part of your material handling charges. Please contact Freeman for your quoted rates and rules applicable to disposal of your exhibit properties.

TRUCK MARSHAL YARD
All vehicles dropping off or picking up at the Boston Convention and Exhibition Center loading dock need to report to the marshaling area.

LABOR INFORMATION
Union Labor may be required for your exhibit installation and dismantle. Please carefully read the UNION RULES AND REGULATIONS to determine your needs. Exhibitors supervising labor need to pick up and release their labor at the Service Desk. Refer to the order form under Display Labor for Straight Time and Overtime hours.

ASSISTANCE
We want you to have a successful show. If we can be of assistance, please call our Exhibitor Services Department at (508) 894-5100.

WE APPRECIATE YOUR BUSINESS!
FREEMAN GENERAL INFORMATION

TRANSLATION SERVICE
Freeman is pleased to offer a new service for our international exhibitors that provides quick interpretation and translation in 150 languages. This service will not only interpret for us on a three-way conversation, but also translate emails from customers. To access this service you may contact Freeman Boston Exhibitor Services at (508) 894-5100 or Freeman’s Customer Support Center at (888) 508-5054 US & Canada or +1 (512) 982-4186 Local & International.

HELPFUL HINTS

SAVE MONEY
Order early to take advantage of advance order discount rates, place your order by Friday, May 10, 2019.

AVOID DELAY
Ship early to avoid delays. Shipments arriving late at show site will cost you money, time and business!

SAFETY TIPS
Use a ladder, not a chair. Standing on chairs, tables and other rental furniture is unsafe and can cause injury to you or to others. These objects are not designed to support your standing weight.

Be aware of your surroundings. You are in an active work area with changing conditions during move-in and move-out. Pay attention. Look for obstacles, and machinery and equipment that are in use.

Keep your eyes open for scooters and forklifts. The drivers of these vehicles may not be able to see you.

Stay clear of dock areas, trucks and trailers. These areas can be particularly dangerous.

Prevent electrical shocks, falling items and damage to materials. Do not attach items or equipment to the drapes or metal framework provided for your booth. This can cause serious injury or damage to materials.

We discourage children from being in the exhibit hall during installation and dismantle. If children are present during installation and dismantle, they must be supervised by an adult at all times.

Freeman does not ship or handle Hazardous Materials. If any materials you are shipping to the event fall into this category, please contact Freeman to be sure that the material will be allowed at the facility and by the association. In addition, if authorized by the facility and the association, you will need to make separate arrangements for the transport and handling of the approved materials, since Freeman will not transport or handle them.

The operation or use of all motorized lifts and motorized material handling equipment for installation/dismantle of exhibits is NOT permitted by exhibitors or by their exhibitor appointed contractors (EAC’s). Thank you for your cooperation.

EXHIBITOR ASSISTANCE
For more information and helpful hints on pre-show procedures and move-in, please go to Pre-Show FAQ

For more information and helpful hints on post-show procedures and move-out, please go to Post-Show FAQ

Call Freeman’s Exhibitor Services department at (508) 894-5100 with any questions or needs you may have.
Freeman actively engages in green practices within day-to-day operations and is committed to producing events in the most environmentally friendly way possible. Freeman has collaborated with a number of customers to make their events greener and is dedicated to broadening this effort.

Green Tips for Exhibitors
Interested in going Green and saving money with your exhibit booth? Follow these tips to assist you in making your sustainable booth strategies at least cost-neutral, and possibly cost-saving!

Supplies and Ordering
• Order exhibit supplies early and utilize online ordering systems to eliminate paper waste.
• Consider renting a booth from Freeman or buying materials locally, preventing shipping cost and lowering emissions.
• Rent Freeman Classic Carpet which contains recycled content and is also recyclable.
• Provide giveaways made of recycled, responsibly grown natural fiber, nontoxic and biodegradable materials. Ensure giveaways are useful, not merely promotional in nature. Electronic Giveaways are smart and trendy, like a USB storage drive with your content already loaded.

Printing, Recycling and Waste Management
• Encourage less printing and provide more information digitally when it comes to booth literature, fulfilling requests via email and website referrals.
• If you need to print, use a local printer in the city where the show will be held and choose paper that contains at least 50% post-consumer recycled content.
• Ask Freeman about new paper-based signage materials that are comparably priced to plastic. There are good alternatives to foam core and PVC which are not as easily recyclable.
• Participate in the exhibit donation program by providing materials that are eligible for donation to local charities, such as pens, bags and notepads.

Shipping and Transportation
• If you must ship materials, planning out your booth in a timely way to meet shipping deadlines can also help maximize consolidation and cost-savings.
• Choose a SmartWay™-certified hauler at no additional cost to ensure your transportation company is practicing sustainable shipping.
• Set a goal to leave no trace behind by shipping out all booth properties and packing materials and donating extra giveaways thereby minimizing any waste for the show.
• If you are attending another trade show that many of your fellow exhibitors are also participating in, ask your General Service Contractor or Show Management to set up a caravan service to save on fuel emissions—and cost of transportation.

Personnel and Best Practices
• Take advantage of local or regional representatives to staff your booth, rather than bringing staff from far away offices, reducing travel cost.
• Bring Green as part of your company message providing recycling bins in your booth and information on what you have done to exhibit in a sustainable way.

These steps can help as we all strive to make smarter and more environmentally sound decisions. For more information on the Freeman Sustainability Initiative, contact goinggreen@freemanco.com.

Guidelines for Display Rules and Regulations 2014 Update

The following Guidelines for Display Rules and Regulations have been established by the International Association of Exhibitions and Events™ (IAEE). Guidelines for Display Rules and Regulations are created to promote continuity and consistency among North American exhibitions and events. They are the model for most domestic exhibitions and events. It is recommended that exhibition organizers include a copy in the Exhibition Prospectus and/or Exhibitor Rules and Regulations.

This revised 2014 edition of IAEE’s Guidelines for Display Rules and Regulations is offered as a resource for exhibitions and events organizers to use in creating consistent and fair exhibiting standards for their events. These Guidelines afford exhibitors a maximum return on their exhibit investments. Compliance with fire, safety, Americans with Disabilities Act (ADA), and other state, federal or provincial government requirements has also been addressed. However, always check with a local exhibition service contractor and the facility for local regulations.

It is IAEE’s goal that the display rules and regulations, ultimately developed by each exhibitions and events organizer, shall provide exhibitors with all the information necessary to properly design and build exhibits, as well as plan their booth’s layout and content. Show organizers should present the professional standards expected of exhibitors. Finally, they should assure all exhibitors, regardless of exhibit size or location, an environment conducive to successful interaction with their audiences.

IAEE is a global association that serves as the foremost authority on exhibitions and events management and operations.

For display rules and regulations specific to an exhibition or event, consult the exhibition or event organizer.
Linear Booth

Linear Booths, also called “in-line” booths, are generally arranged in a straight line and have neighboring exhibitors on their immediate right and left, leaving only one side exposed to the aisle.

**Dimensions**

For purposes of consistency and ease of layout and/or reconfiguration, floor plan design in increments of 10ft (3.05m) has become the de facto standard in the United States. Therefore, unless constricted by space or other limitations, Linear Booths are most commonly 10ft (3.05m) wide and 10ft (3.05m) deep, i.e. 10ft by 10ft (3.05m by 3.05m).

A maximum back wall height limitation of 8ft (2.44m) is generally specified.

**Use of Space**

Regardless of the number of Linear Booths utilized, e.g. 10ft by 20ft (3.05m by 6.10m), 10ft by 30ft (3.05m by 9.14m), 10ft by 40ft (3.05m by 12.19m), etc. display materials should be arranged in such a manner so as not to obstruct sight lines of neighboring exhibitors. The maximum height of 8ft (2.44m) is allowed only in the rear half of the booth space, with a 4ft (1.22m) height restriction imposed on all materials in the remaining space forward to the aisle. (See Line-of-Sight exception on page 8.) Note: When three or more Linear Booths are used in combination as a single exhibit space, the 4ft (1.22m) height limitation is applied only to that portion of exhibit space which is within 10ft (3.05m) of an adjoining booth.

Corner Booth

A Corner Booth is a Linear Booth at the end of a series of in-line booths with exposure to intersecting aisles on two sides. All other guidelines for Linear Booths apply.
**Perimeter Booth**

A Perimeter Booth is a Linear Booth that backs to an outside wall of the exhibit facility rather than to another exhibit.

**Dimensions and Use of Space**

All guidelines for Linear Booths apply to Perimeter Booths except that the typical maximum back wall height is 12ft (3.66m).
**End-cap Booth**

An End-cap configuration is essentially an in-line (linear) booth placed in the position of a Peninsula or Split Island. For shows that have Line-of-Sight rules and not cubic content, this configuration must follow the dimensions below. For shows that have cubic content rules, the space may be used without restriction.

**Dimensions**

End-cap Booths are generally 10ft (3.05m) deep by 20ft (6.10m) wide. The maximum back wall height allowed is 8ft (2.44m) and the maximum back-wall width allowed is 10ft (3.05m) at the center of the back-wall with a maximum 5ft (1.52m) height on the two side aisles. Within 5' of the 2 side aisles, the maximum height for any display materials is 4'.
Peninsula Booth

A Peninsula Booth is exposed to aisles on three sides, and comprised of a minimum of four booths. There are two types of Peninsula Booths: (a) one which backs to Linear Booths, and (b) one which backs to another Peninsula Booth and is referred to as a “Split Island Booth.”

**Dimensions**

A Peninsula Booth is usually 20ft by 20ft (6.10m by 6.10m) or larger. When a Peninsula Booth backs up to two Linear Booths, the back wall is restricted to 4ft (1.22m) high within 5ft (1.52m) of each aisle, permitting adequate line of sight for the adjoining Linear Booths. (See Line-of-Sight exception on page 8.) A typical maximum height range allowance is 16ft to 20ft (4.88m to 6.10m), including signage for the center portion of the back wall. Double-sided signs, logos and graphics shall be set back ten feet (10’) (3.05m) from adjacent booths.
Split Island Booth

A Split Island Booth is a Peninsula Booth which shares a common back wall with another Peninsula Booth. The entire cubic content of this booth may be used, up to the maximum allowable height, without any back wall Line-of-Sight restrictions. A typical maximum height range allowance is 16ft to 20ft (4.88m to 6.10m), including signage. The entire cubic content of the space may be used up to the maximum allowable height. Double-sided signs, logos and graphics shall be set back ten feet (10’) (3.05m) from adjacent booths.
Island Booth

An Island Booth is any size booth exposed to aisles on all four sides.

Dimensions
An Island Booth is typically 20ft by 20ft (6.10m by 6.10m) or larger, although it may be configured differently.

Use of Space
The entire cubic content of the space may be used up to the maximum allowable height, which is usually a range of 16ft to 20ft (4.88m to 6.10m), including signage.
Extended Header Booth
20ft (6.10m) or Longer

An Extended Header Booth is a Linear Booth 20ft (6.10m) or longer with a center extended header.

Dimensions and Use of Space
All guidelines for Linear Booths apply to Extended Header Booths, except that the center extended header has a maximum height of 8ft (2.44m), a maximum width of 20 percent of the length of the booth, and a maximum depth of 9ft (2.7m) from the back wall.

10' X 20' EXTENDED HEADER BOOTH
Other Important Considerations

Canopies and Ceilings
Canopies, including ceilings, umbrellas and canopy frames, can be either decorative or functional (such as to shade computer monitors from ambient light or to allow for hanging products). Canopies for Linear or Perimeter Booths should comply with Line-of-Sight requirements. (See “Use of Space” for Linear or Perimeter Booths).

The bottom of the canopy should not be lower than 7ft (2.13m) from the floor within 5ft (1.52m) of any aisle. Canopy supports should be no wider than three inches 3in (.08m). This applies to any booth configuration that has a sight line restriction, such as a Linear Booth.

Fire and safety regulations in many facilities strictly govern the use of canopies, ceilings and other similar coverings. Check with the appropriate local agencies prior to determining specific exhibition rules.

Hanging Signs & Graphics
Most exhibitions and events rules allow for Hanging Signs and Graphics in all standard Peninsula and Island Booths, usually to a maximum height range of 16ft to 20ft (4.88m to 6.10m) from the top of the sign, or as determined by the show organizer. End-cap Booths do not qualify for Hanging Signs and Graphics. The distance is measured from the floor to the top of the sign. Whether suspended from above, or supported from below, they should comply with all ordinary use-of-space requirements. For example, the highest point of any sign should not exceed the maximum allowable height for the booth type.

Hanging Signs and Graphics should be set back 10ft (3.05m) from adjacent booths and be directly over contracted space only. Approval for the use of Hanging Signs and Graphics, at any height, should be received from the exhibitions or events organizer at least 60 days prior to installation. Variances may be issued at the exhibitions or events management’s discretion. Drawings should be available for inspection.

Towers
A Tower is a free-standing exhibit component separate from the main exhibit fixture. The height restriction is the same as that which applies to the appropriate exhibit space configuration being used.

Towers in excess of 8ft (2.44m) should have drawings available for inspection. Fire and safety regulations in many facilities strictly govern the use of Towers. A building permit or safety lines may be required.

Multi-story Exhibit
A Multi-story Exhibit is a booth where the display fixture includes two or more levels. In many cities, a Multi-story Exhibit requires prior approval by the exhibit facility, and/or relevant local government agency, as well as show management because it is deemed to be a “structure” for building purposes. The city building department generally needs to issue a building permit based on an application and drawings prepared and submitted by a licensed architect or engineer. Exhibitors should obtain local building regulations early on to ensure that all time constraints are met. Exhibitions and events organizers should be prepared to assist exhibitors in this application process.
Issues Common To All Booth Types

Americans with Disabilities Act (ADA)

All exhibiting companies are required to be in compliance with the Americans with Disabilities Act (ADA), and are encouraged to be sensitive, and as reasonably accommodating as possible, to attendees with disabilities. Information regarding ADA compliance is available from the U.S. Department of Justice ADA Information Line (800) 514-0301, and from the ADA website at www.ada.gov. Some examples of how to design an exhibit for ADA compliance:

- Make exhibits wheelchair accessible by ramping raised exhibit flooring without extending a ramp into the aisle. Note: a standard wheelchair ramp should have a grade no steeper than 1:12. This means that for every inch of rise (change in height), there should be 12 inches of run (change in length)
- Ramp the entry or use hydraulic lifts to trailer exhibits
- Avoid double-padded plush carpet to ease mobility device navigation
- Provide the same attendee experience on both levels of a two-story exhibit
- Offer a signer or other auxiliary hearing-impaired apparatus for sound presentations or have a printed copy of the presentation available
- Run an audio presentation for people with sight problems
- Arrange touch screen displays at a height to accommodate a person sitting in a wheelchair

To avoid heavy fines by the U. S. Department of Justice, exhibitors must adhere to the ADA rules. Exhibits are not exempt from ADA compliance.

Structural Integrity

All exhibit displays should be designed and erected in a manner that will withstand normal contact or vibration caused by neighboring exhibitors, hall laborers, or installation/dismantling equipment, such as fork lifts. Displays should also be able to withstand moderate wind effects that may occur in the exhibit hall when freight doors are open. Refer to local building codes that regulate temporary structures.

It is recommended that all 20ft by 20ft (6.10m by 6.10m) and over exhibits require a drawing, plans or renderings, preferably digital, to be submitted to the show organizer, and to the show’s general service contractor.

Exhibitors should ensure that any display fixtures such as tables, racks, or shelves are designed and installed properly to support the product or marketing materials to be displayed.

Flammable and Toxic Materials

All materials used in display construction or decorating should be made of fire retardant materials and be certified as flame retardant. Samples should also be available for testing. Materials that cannot be treated to meet the requirements should not be used. A flame-proofing certificate should be available for inspection. Exhibitors should be aware of local regulations regarding fire/safety and environment which must be adhered to.

Exhibitors should dispose of any waste products they generate during the exhibition in accordance with guidelines established by the Environmental Protection Agency and the facility.

Storage

Fire regulations in most exhibit facilities prohibit storing product, literature, empty packing containers, or packing materials behind back drapes or under draped tables. In most cases, however, exhibitors may store a limited supply of literature or product appropriately within the booth area, so long as these items do not impede access to utility services, create a safety problem, or look unsightly.
Issues Common To All Booth Types (continued)

Electrical

Every exhibit facility has different electrical requirements. However, minimum guidelines are suggested:

• All 110-volt wiring should be grounded three-wire.

• Wiring that touches the floor should be “SO” cord (minimum 14-gauge/three-wire) flat cord, which is insulated to qualify for “extra hard usage.”

• Cord wiring above floor level can be “SJ” which is rated for “hard usage.”

• Using zip cords, two-wire cords, latex cords, plastic cords, lamp cords, open clip sockets, and two-wire clamp-on fixtures is not recommended and is often prohibited. Cube taps should be prohibited.

• Power strips (multi-plug connectors) should be UL approved, with built-in over-load surge protectors.

Lighting

Exhibitors should adhere to the following suggested minimum guidelines when determining booth lighting:

• No lighting, fixtures, lighting trusses, or overhead lighting are allowed outside the boundaries of the exhibit space. Exhibitors intending to use hanging light systems should submit drawings to exhibition management for approval.

• Lighting, including gobos, should be directed to the inner confines of the booth space. Lighting should not project onto other exhibits or exhibition aisles.

• Lighting that is potentially harmful, such as lasers, ultraviolet lights or flashing or strobe lights that can trigger photosensitive epilepsy should comply with facility rules and be approved in writing by exhibition management.

• Lighting that spins, rotates, pulsates, and other specialized lighting effects should be in good taste and not interfere with neighboring exhibitors or otherwise detract from the general atmosphere of the event.

• LED lights can be very bright yet generally generate less heat.

• Currently, some convention facilities are not allowing certain types of quartz halogen lighting fixtures in exhibits due to potential fire hazards. Check with exhibition management.

• Reduced lighting for theater areas should be approved by the exhibition organizer, the utility provider, and the exhibit facility.

Demonstrations

As a matter of safety and courtesy to others, exhibitors should conduct sales presentations and product demonstrations in a manner which assures all exhibitor personnel and attendees are within the contracted exhibit space and not encroaching on the aisle or neighboring exhibits. It is the responsibility of each exhibitor to arrange displays, product presentation, audio visual presentations, and demonstration areas to ensure compliance. Exhibitors should be aware of local regulations regarding fire/safety and environment which must be adhered to.

Special caution should be taken when demonstrating machinery or equipment that has moving parts, cooking equipment with an open flame, or any product that is otherwise potentially dangerous. Exhibitors should establish a minimum setback of 3ft (.91m) and/or install hazard barriers as necessary to prevent accidental injury to spectators. Additionally, demonstrations should only be conducted by qualified personnel.
**Issues Common To All Booth Types (continued)**

**Sound/Music**

In general, exhibitors may use sound equipment in their booths so long as the noise level does not disrupt the activities of neighboring exhibitors. Speakers and other sound devices should be positioned so as to direct sound into the booth rather than into the aisle. Rule of thumb: Sound and noise should not exceed 85 decibels when measured from the aisle immediately in front of a booth. (Refer to OSHA at [www.osha.gov](http://www.osha.gov) for more information.)

Exhibitors should be aware that music played in their booths, whether live or recorded, may be subject to laws governing the use of copyrighted compositions. ASCAP, BMI, and SESAC are three authorized licensing organizations that collect copyright fees on behalf of composers and publishers of music.

**Vehicles**

**Vehicles:** Rules vary depending on the facility, but generally it is required that vehicles on display have no more than one fourth tank of gas. The filler cap should be sealed and the batteries disconnected. External chargers are usually recommended for demonstration purposes. Keys should always be surrendered to show management while participating in an exhibition or event.
Advisory Notes To Exhibition Organizers

**End-cap Booths:** End-cap Booths cause more problems between exhibitors than any other type of booth, because most exhibitors fail to observe back wall height restrictions. Exhibition managers should be alert to exhibitors reserving End-cap configurations to ensure they do not violate Linear Booth Line-of-Sight regulations for neighboring exhibits.

**Fire Equipment:** Fire hoses, extinguishers, and audible or visual devices for fire alarms should be visible and accessible at all times.

**Hanging Signs:** Although these Guidelines indicate 16ft to 20ft (4.88m to 6.10m) as a maximum height range from the top of the sign, some exhibitions permit other heights, or have no height limit. Caution should be exercised so exhibitors will not compete over air space for Hanging Signs. Most show organizers limit the height of signs.

Exhibitors should be advised to install “hanging points” at the time of manufacture of the sign or display. It is also advisable to have Hanging Signs labeled and cased separately so that they can be easily identified on-site as they usually must be installed before other exhibit construction can begin.

**Hardwall Booths:** Exhibitions that provide Hardwall Booths should specify if these structures can be used for display and attaching products.

**Full Cubic Content in Linear Space:** It is the responsibility of the exhibitions or events organizer to establish rules to best achieve the goals for their exhibition or event based on the nature of their exhibition and event, and industry sector it serves.

**Cubic Content Definition:** Using the perimeter lines of a booth as a guide, the exhibitor may install a booth up to these lines and utilize all the volume of space within these lines up to the maximum height permitted by the show rules as determined by the show organizer.

It is the choice of the exhibitions or events organizer to allow use of full Cubic Content in linear exhibit space or to observe the Line-of-Sight set-back rule. It is common at certain types of exhibitions or events to eliminate the Line-of-Sight requirement for Linear, End-cap, and Peninsula Booths that back up to Linear Booths. This permits exhibitors to utilize the full Cubic Content of the booth.

Organizers that permit use of Cubic Content in Linear Booths do so for one or all of these reasons:

- Cubic Content is more conducive to certain types of product displays or experiences.
- Cubic Content maximizes the exhibit space and investment.
- International exhibitions generally utilize Cubic Content making the show friendlier to international exhibitors.
- Cubic Content reduces the need to police exhibits to enforce setback rules.

Use of Cubic Content may create situations where the organizer must address exhibits that have unfinished walls. A determination must be made as to responsibility for finishing these unfinished walls.

It is prudent for the exhibitions or events organizer considering Cubic Content to examine the concerns, advantages and disadvantages prior to putting Cubic Content guidelines into practice. It is often wise to consult with the exhibition’s Exhibits Advisory Board or perhaps conduct a focus group of the exhibition’s or event’s exhibitors to determine their interest and gain their feedback and support for the concept. Exhibitions and events organizers must be proactive in communicating with exhibitors and understanding the effect it will have on the exhibition or event.

To learn more about Full Cubic Content, read the IAEE White Paper: Evaluating and Implementing Cubic Content into Linear Exhibit Space.
Advisory Notes To Exhibition Organizers (continued)

Perimeter Openings: Large Peninsulas and Islands with long high walls can create a “tunnel-like” effect. Exhibitors may be required to install a minimum 6ft (1.83m) opening every 30ft (9.14m).

Pipe and Drape: These are commonly used at exhibitions and events in the United States to define exhibit space. Exhibitions and events organizers often include in their rules and regulations that this equipment is not intended as a display fixture. Therefore, product and signs should not be attached or affixed. Measurements of booths must allow for size of pipe on sides and back.

Product Height: Some exhibitors have products that exceed display height restrictions. Exhibitions and events organizers should establish guidelines for displaying such products. For example, some exhibitions or events require that these exhibitors reserve only perimeter space. Products exceeding height restrictions for Islands and Peninsulas are usually permitted, providing they are displayed in operating mode, and the names and logos, etc. on the product are as it is sold.

Height Variances: Height Variances may be issued for all types of booths. However, in a Linear Booth, the back side of any structure over 8ft (2.44m) must be free of trademarks, graphics and/or logos.

Environmental Responsibility: Exhibitions and events, by their very nature, create waste. Properly managed, exhibitions and events can recycle excess materials and supplies in useful and meaningful ways, and they can do so using methods that result in minimized impact on the environment. Exhibits should utilize recycled, renewable and energy efficient materials whenever possible.

- Remember to order in advance to save time and money. You may place your order by phone, fax, mail, or use our online ordering service at: www.freeman.com.
- Orders received without payment or after the discount price deadline date will be charged at the standard price.
- Copies of invoices may be picked up from the Freeman Service Center prior to show closing.
- If you have questions or need assistance with any items not listed, please call and ask for Exhibitor Sales.
In order to authorize Freeman to invoice a third party for payment of services rendered to exhibitors, both the exhibiting company and the third party must complete this form and return it at least 14 days prior to show move-in.

**EXHIBITING COMPANY AUTHORIZATION OF THIRD PARTY BILLING**

“We understand and agree that we, the exhibiting company, are ultimately responsible for payment of charges and agree by submitting this form or ordering materials or services from Freeman, to be bound by all terms and conditions as described in the Terms & Conditions section of this service manual. In the event that the named third party does not discharge payment of the invoice prior to the last day of the show, charges will revert back to the exhibiting company. All invoices are due and payable upon receipt, by either party. The items checked below are to be invoiced to the third party."

**BY SUBMITTING THIS FORM VIA FAX OR POSTAL MAIL OR ORDERING MATERIALS OR SERVICES FROM FREEMAN, YOU AGREE TO BE BOUND BY ALL TERMS & CONDITIONS INCLUDED IN YOUR SERVICE MANUAL.**

PAYSMENTS & LABOR

YOU ARE ENTERING A CONTRACT WHICH LIMITS YOUR POSSIBLE RECOVERY IN CASE OF LOSS OR DAMAGE.

The terms and conditions set forth below become a part of the Contract between FREEMAN and you, the EXHIBITOR. Acceptance of said terms and conditions will be construed when any of the following conditions are met:

• THE METHOD OF PAYMENT FORM IS SIGNED; OR
• AN ORDER FOR LABOR, SERVICES AND/OR RENTAL EQUIPMENT IS PLACED BY EXHIBITOR WITH FREEMAN; OR
• WORK IS PERFORMED ON BEHALF OF EXHIBITOR BY LABOR SECURED THROUGH FREEMAN.

DEFINITIONS

PAYMENT TERMS

Full payment, including any applicable tax, is due in advance at show site. All payments must be in U.S. secure funds and all checks must be drawn on a U.S. bank. Orders received without advance payment or after the deadline date will incur additional charges as indicated on each order form. Payment for Audio Visual services and equipment is due in advance of move-in, unless otherwise agreed in writing with Freeman. All materials and equipment are on a rental basis for the duration of the show or event and remain the property of FREEMAN except where specifically identified as a sale. All rentals (excluding Audio Visual equipment and computers) include delivery, installation, and removal from EXHIBITOR’S booth. Rental prices on Audio Visual equipment and computers do not include labor, delivery, electrical services or removal of the equipment from the booth. In case of cancellation of any orders or services by EXHIBITOR, a one-hour “per person” charge will be applied for all labor orders that are not canceled in writing at least 24 hours prior to the scheduled start time. If Prestige Carpet, Custom-Cut Carpet, Modular Rental Exhibits and any other custom-order items or services have already been provided at the time of cancellation, fees will remain at 100% of the original charge. Audio Visual orders cancelled within 7 days from the show opening date will be charged a one-day rental rate on equipment. On-site cancellation of Audio Visual services will result in a one-day rental charge of equipment and any applicable labor. If the Show or Event is canceled because of reasons beyond FREEMAN’S control, EXHIBITOR remains responsible for all charges for services and equipment provided up to and including the date of cancellation. FREEMAN will not issue refunds to EXHIBITOR of any payments made before the date of cancellation. It is EXHIBITOR’S responsibility to advise the FREEMAN Service Center Representative of problems with any orders, and to check the EXHIBITOR’S invoice for accuracy prior to the close of the Show or Event.

If EXHIBITOR is exempt from payment of sales tax, FREEMAN requires an exemption certificate for the State in which the services are to be used. Resale certificates are not valid unless EXHIBITOR is billing these charges to its customers. For International EXHIBITORS, FREEMAN requires 100% prepayment of advance orders, and any order or service placed at show site must be paid at the show. For all others, should there be any pre-approved unpaid balance after the close of the show, terms will be net, due and payable in DALLAS, TEXAS upon receipt of invoice. Effective 30 days after invoice date, any unpaid balance will bear a FINANCE CHARGE at the lesser of the maximum rate allowed by applicable law, or 1.5% per month, which is an ANNUAL PERCENTAGE RATE of 18%, and future orders will be on a prepaid basis only. If any finance charge hereunder exceeds the maximum rate allowed by applicable law, the finance charge shall automatically be reduced to the maximum rate allowed, and any excess finance charge received by FREEMAN shall be either applied to reduce the principal unpaid balance or refunded to the payer. If past due invoices or invoice balances are placed with a collection agency or attorney for collection or suit, EXHIBITOR agrees to pay all legal and collection costs. THESE PAYMENT TERMS AND CONDITIONS SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF TEXAS. In the event of any dispute between the EXHIBITOR and FREEMAN relative to any loss, damage, or claim, such EXHIBITOR shall not be entitled to and shall not withhold payment, or any partial payment, due to FREEMAN for its services, as an offset against the amount of any alleged loss or damage. Any claims against FREEMAN shall be considered a separate transaction, and shall be resolved on its own merits. FREEMAN reserves the right to charge EXHIBITOR for the difference between the EXHIBITOR’S estimate of charges and the actual charges incurred by EXHIBITOR, or for any charges that FREEMAN may be obligated to pay on behalf of EXHIBITOR, including without limitation, any shipping charges. If EXHIBITOR provides a credit card for payment and charges are rejected by the EXHIBITOR’S credit card company for any reason, FREEMAN hereby provides notice that it reserves the right, and EXHIBITOR authorizes FREEMAN, to continue to attempt to secure payment through that credit card for as long as unpaid balances remain on the EXHIBITOR’S account. In the event that a THIRD PARTY orders on behalf of the EXHIBITOR and the named THIRD PARTY does not discharge payment of the invoice prior to the last day of the show, charges will revert back to the EXHIBITOR. All invoices are due and payable upon receipt, by either party.

ELECTRICAL

If FREEMAN provides electrical services, claims will not be considered, or adjustments made unless filed in writing, by EXHIBITOR, prior to the close of the event. FREEMAN is not responsible for any damage or loss caused by the loss of power beyond its control and EXHIBITOR agrees to hold FREEMAN, its officers, directors, employees and agents harmless from such power loss. IN NO EVENT SHALL FREEMAN BE LIABLE FOR ANY INDIRECT OR CONSEQUENTIAL DAMAGES (INCLUDING WITHOUT LIMITATION (L0ST PROFITS). EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGES, WHETHER UNDER THEORY OF CONTRACT, TORT (INCLUDING NEGLIGENCE), PRODUCTS LIABILITY OR OTHERWISE. EXHIBITOR shall indemnify and hold harmless FREEMAN, its officers, directors, employees, and agents from and against any and all claims, liabilities, damages, fines, penalties or costs of whatsoever nature (including reasonable attorneys’ fees) arising out of or in any way connected with EXHIBITOR’S actions or omissions under this Agreement. Please note that electrical services are NOT automatically included in Audio Visual rentals and must be ordered separately from the designated electrical provider.

LABOR UNDER THE SUPERVISION OF EXHIBITOR RESPONSIBILITIES

EXHIBITOR shall be responsible for the performance of labor provided under this option. It is the responsibility of EXHIBITOR to supervise labor secured through FREEMAN in a reasonable manner as to prevent bodily injury and/or property damage and also to direct them to work in a manner that is in compliance with FREEMAN’S Safe Work Rules and/or Federal, State, County and Local ordinances, rules and/or regulations, including but not limited to Show or Facility Management rules and/or regulations. If any labor secured through Freeman is conducting overhead work, the Exhibitor is responsible for ensuring that everyone in the area of overhead work is wearing a hard hat. If the Exhibitor does not have its own hard hats, Freeman can assist with obtaining them. It is the responsibility of EXHIBITOR to check in with the Service Desk to release labor when the work is completed.

INDEMNIFICATION

EXHIBITOR agrees to indemnify, hold harmless, and defend FREEMAN from and against any and all demands, claims, causes of action, fines, penalties, damages, liabilities, judgments, and expenses (including but not limited to reasonable attorneys’ fees and investigation costs) for bodily injury, including any injury to FREEMAN employees, and/or property damage arising out of work performed by labor provided by FREEMAN but supervised by EXHIBITOR. Further, the EXHIBITOR’S indemnification of FREEMAN includes any and all violations of Federal, State, County or Local ordinances, “Show Regulations and/or Rules” as published and/or set forth by Facility or Show Management, and/or directing labor provided by FREEMAN to work in a manner that violates any of the above rules, regulations, and/or ordinances.

IMPORTANT

PLEASE REFER TO FREEMAN’S "MATERIAL HANDLING TERMS & CONDITIONS" AS IT RELATES TO MATERIAL HANDLING SERVICES AND TO THE "SERVICE REQUEST & SHIPPING INSTRUCTIONS CONTRACT" AS IT RELATES TO TRANSPORTATION SERVICES. CONTRACT TERMS DEPEND ON THE NATURE OF SERVICES SECURED BY EXHIBITOR THROUGH FREEMAN. TERMS & CONDITIONS MAY VARY FOR EACH TYPE OF SERVICE ORDERED THROUGH FREEMAN.
YOU ARE ENTERING A BINDING CONTRACT WHICH LIMITS YOUR POSSIBLE RECOVERY IN CASE OF LOSS OR DAMAGE. Acceptance of said terms and conditions will be considered to be the knowledge and consent of the Exhibitor that this Material Handling Agreement (MHA) is signed; Exhibitor's materials are delivered to Freeman's warehouse or to an event site for which Freeman is the Official Show Contractor; or an order for labor and/or rental equipment is placed by Exhibitor with Freeman. Please be aware that disposal of exhibit properties is not included as part of your material handling charges. Please contact Freeman for your quoted rates and rules applicable to disposal of your exhibit properties.

1. DEFINITIONS. For purposes of this Contract, Freeman means Freeman Expositions, Inc., and its employees, directors, officers, agents, assigns, affiliated companies, and related entities. In no event shall Freeman be deemed to be the Ultimate Consignee for shipping and custom purposes. The term “Exhibitor” means the Exhibitor, its employees, agents, and representatives.

2. PACKAGING/CRATES AND STORAGE. Freeman shall not be responsible for damage to loose or uncrated materials, pad wrapped or shrink-wrapped materials, glass breakage, concealed damage,心脏在 bags or poly, or improperly packed or labeled materials. Freeman shall not be responsible for crates and packaging which are unsuitable for handling, in poor condition, or have prior damage. Crates and packaging should be of a design to adequately protect contents for handling by forklift and similar means. Freeman does not accept any crates or packaging that are not anticipating 10% damage to materials.

3. EMPTY CONTAINERS. Empty container labels will be available at the show site service desk. Affixing labels to the containers is the sole responsibility of Exhibitor or its representative. All empty labels must be removed or destroyed upon delivery to Freeman. Freeman assumes no responsibility for: error in the above procedures; removal of containers with old empty labels and without Freeman labels; or improper information on empty labels. Freeman WILL NOT BE LIABLE FOR LOSS OR DAMAGE TO CRATES OR CONTAINERS OR THEIR CONTENTS WHILE SAME ARE IN EMPTY CONTAINER STORAGE.

4. INBOUND/OUTBOUND SHIPMENTS. There may be a lapse of time between the delivery of shipment(s) to the booth and the arrival of Exhibitor, or a lapse of time between the completion of packing and the actual pickup of materials from the booths for loading onto a carrier and during such times. Exhibitor materials will be left unattended. Freeman is NOT RESPONSIBLE OR LIABLE FOR ANY LOSS, DAMAGE, THEFT, OR DISAPPEARANCE OF EXHIBITOR’S MATERIALS AFTER THEY HAVE BEEN DELIVERED TO EXHIBITOR’S BOOTH AT SHOW SITE OR BEFORE THEY HAVE BEEN PICKED UP FOR RELOADING AT THE CONCLUSION OF THE EVENT.

5. DELIVERY TO THE CARRIER FOR RELOADING. Freeman assumes no responsibility for loss, damage, theft, or disappearance of Exhibitor’s materials after same have been delivered to Exhibitor’s appointed carrier, shipper, or agent for transportation after the conclusion of the show. Freeman has no control over the manner of transportation. Exhibitor hereby waives and releases all claims against Freeman with respect to all material handling services, waives and releases all claims against Freeman with respect to all material handling services, waives and releases all claims against Freeman with respect to all material handling services, waives and releases all claims against Freeman with respect to all material handling services.

6. DESIGNATED CARRIERS. Freeman shall have the authority to change the Exhibitor designated carrier if that carrier does not pick up the shipment(s) at the appointed time. Where no disposition is made by Exhibitor, materials may be taken to a warehouse to await Exhibitor’s shipping instructions and Exhibitor agrees to be responsible for charges relating to such rerouting and handling. IN NO EVENT SHALL FREEMAN BE RESPONSIBLE FOR ANY LOSS RESULTING FROM SUCH REROUTING DESIGNATION.

7. FORCE MAJEURE. Freeman’s performance hereunder is subject to, and Freeman shall not be responsible for loss, delay, or damage due to, strike, work stoppages, natural elements, vandalism, Act of God, civil disturbances, power failures, explosions, acts of terrorism or war, or for any other cause beyond Freeman’s reasonable control, nor for extraordinary wear and tear in the handling of Exhibitor’s materials.

8. CLAIM(S) FOR LOSS. Freeman shall assume no responsibility for any loss, damage, theft, or disappearance of Exhibitor’s materials that is from time to time in the possession of Freeman and all the proceeds thereof, including without limitation insurance proceeds (the “Collateral”), to secure the prompt and full payment and performance of all Exhibitor’s indebtedness for monies paid, by Freeman on its behalf, services performed, materials and/or labor from time to time provided by Freeman or for the benefit of Exhibitor (“Obligations”). Freeman shall have all the rights and remedies of a secured party under the Uniform Commercial Code, as may be amended from time to time (the “UCC”), and any notice that Freeman is required to give under the UCC of a time and place of a public sale or the time after which any private sale or other intended disposition of any Collateral is to be made shall be deemed to constitute reasonable notice if such notice is mailed by registered or certified mail at least five (5) days prior to such action. Freeman may hold and not deliver any of the Collateral to Exhibitor for so long as there are any Obligations that remain unpaid or unsatisfied.

11. INDEMNIFICATION. Exhibitor agrees to indemnify and forever hold harmless Freeman from and against any and all demands, claims, causes of action, fines, penalties, damages (including consequential), liabilities, judgments, and expenses (including but not limited to reasonable attorneys’ fees and investigation costs) arising out or contributed to by Exhibitor’s negligent or criminal acts, errors, omissions, neglect, misrepresentations, or violations, including but not limited to, Exhibitor’s negligent acts, errors, omissions, neglect, misrepresentations, or violations, including but not limited to, Exhibitor’s negligent acts, errors, omissions, neglect, misrepresentations, or violations.

12. LIEN. Exhibitor grants Freeman a security interest in and a lien on all of Exhibitor’s materials that is from time to time in the possession of Freeman and all the proceeds thereof, including without limitation insurance proceeds (the “Collateral”), to secure the prompt and full payment and performance of all Exhibitor’s indebtedness for monies paid, by Freeman on its behalf, services performed, materials and/or labor from time to time provided by Freeman or for the benefit of Exhibitor (“Obligations”). Freeman shall have all the rights and remedies of a secured party under the Uniform Commercial Code, as may be amended from time to time (the “UCC”), and any notice that Freeman is required to give under the UCC of a time and place of a public sale or the time after which any private sale or other intended disposition of any Collateral is to be made shall be deemed to constitute reasonable notice if such notice is mailed by registered or certified mail at least five (5) days prior to such action. Freeman may hold and not deliver any of the Collateral to Exhibitor for so long as there are any Obligations that remain unpaid or unsatisfied.

13. WAIVER & RELEASE. Exhibitor, as a material part of the consideration to Freeman for material handling services, waives and releases all claims against Freeman with respect to all matters for which Freeman has disclaimed liability pursuant to the provisions of this Contract.

14. DRIVER LIABILITY WAIVER, IN CONSIDERATION OF FREEMAN PERMITTING ENTRANCE TO THE PREMISES, YOU, YOUR EMPLOYER, THE OWNER OF THE TRUCK AND/OR EQUIPMENT THAT YOU ARE OPERATING (TRUCKOWNER) AND YOU AS AGENT OF YOUR EMPLOYER AND THE TRUCKOWNER, HEREBY ASSUME ALL RISK OF INJURY OR HARM TO YOURSELF AND OTHERS AND DAMAGE TO YOUR PROPERTY AND PROPERTY BELONGING TO YOU, YOUR EMPLOYER, OTHERS ARISING FROM YOUR ACTIVITIES WHILE ENTERING TO ENTER THE PREMISES, YOU AGREE TO ENTER AT YOUR OWN RISK. YOU HAVE FULL KNOWLEDGE OF ANY RISK INVOLVED IN THIS ACTIVITY; YOU RECOGNIZE THE HAZARDS AND ARE AWARE OF ALL THE RULES FOR SAFE OPERATION; YOU, YOUR EMPLOYER, THE TRUCKOWNER, AND YOU AGREE TO INDEMNIFY AND HOLD HARMLESS FREEMAN, ITS EMPLOYEES, OFFICERS, DIRECTORS, AGENTS, ASSIGNS, AFFILIATED COMPANIES AND RELATED ENTITIES, AGAINST ANY AND ALL LIABILITY, ACTIONS, CLAIMS, AND DAMAGES OF ANY KIND WHATSOEVER ARISING FROM YOUR ACTIVITIES WHILE BEING PERMITTED TO ENTER THE PREMISE.

Freeman REV 07/17
offer the shipment for sale. The amount of sale will be applied to Freeman's invoice for transportation.

Such notice shall advise that if Freeman does not receive disposition instructions within 10 days of that notice, Freeman may dispose of property to the best advantage. Where Freeman is directed by Consignee or the Consignee's agent to unload or deliver property at a particular location where Consignor, Consignee, or the Agent of Consignee has no right to control the shipment; stop the shipment in transit, or divert or reschedule same, Freeman's liability shall be limited to a maximum declared value of $500.00 (USD): (a) whenever or wherever the claimed loss or damage may occur; (b) notice of loss or damage must be reported to Freeman at its address: Sedgwick, PO Box 14151, Lexington, KY 40512-4151. Failure to report the claim in accordance with this Section will result in the loss or damage being deemed to have occurred at the time and place last known to Freeman. No action shall be commenced until receipt by Freeman of all documents required by this Section. Claims for loss or damage must be filed as follows: Within five (5) business days of delivery for domestic shipments; or within thirty (30) calendar days from the date of acceptance of the shipment by Freeman for International shipments. The failure to file a claim within the prescribed time limit shall bar all recovery.

1. DEFINITIONS: In this Contract, "Freeman" means Freeman Ocean Shipping Services, Inc., its respective officers, employees, agents, consignees, and independent contractors, including any contractors appointed by Freeman. The term "Shipper" means the person or business to whom or for whom the property is to be transported.

2. FINAL CONTRACT BETWEEN THE PARTIES: In exchange for Shipper's payments and Freeman's services, which the parties have stipulated in this two-page Contract (including the Air Cargo Service Request and Shipping Instructions), Freeman and Shipper each agree that this Contract shall govern their respective rights and obligations regarding transportation of Shipper's property. This Contract, together with the Air Waybill, is the entire contract between Shipper and Freeman. The property first comes into the physical possession of Freeman, and the responsibility of Freeman under same shall end when the property has been placed in the possession of the Consignee or the Consignee's agent. Freeman shall have no control over, and shall not be responsible for, the property until it is placed in the possession of the Consignee or the Consignee's agent. Freeman shall not be liable for any loss incurred to the property by reason of the fact that it is in the possession of the Consignee or its agent.

3. Freeman's RESPONSIBILITIES UNDER THE CONTRACT ARE LIMITED: Freeman is responsible for the satisfactory performance of only those services which it directly provides under this Contract. Freeman shall not be responsible for the performance of individuals of firms who are not under the direct supervision or control of Freeman. Freeman shall not be responsible for events or causes of loss, delay, or damage beyond its reasonable control, including (by way of illustration only, and not as a limitation on the breadth of this clause), strike, lockout, work slowdown or stoppage, fire, power breakdown, plant or machinery failure, factory, public or private, war, act of God, effect of natural elements, riot, civil commotion, or act of vandalism.

4. PACKAGING AND CRATES: Shipper's property must be well packaged for safe and secure handling, storage, and transportation. Property must be properly wrapped, shrink-wrapped, shrink-film wrapped, or in crates. Property must be of a design to adequately protect the property from shipment-related events such as temperature, humidity, moisture, vibration, or improperly packed or labeled materials. Crates and packaging should be of a design to adequately protect the property from the elements of the weather and to comply with all requirements of this section. Property must be well packaged for the shipment; otherwise, Freeman reserves the right to reject the property for transportation.

5. REFUSED SHIPMENTS: If the Consignee refuses a shipment for delivery, or if Freeman is unable to deliver a shipment because of fault or mistake of the Consignor, Consignee, or Freeman, Freeman's liability shall then become that of a warehousing agent.

(a) Shipper shall promptly attempt to provide notice, by telephonic, electronic or written communication as provided on the face of these shipping instructions, if so indicated, to Shipper or the party, if any, designated to receive notice in these instructions.

(b) Storage charges, based on Freeman's applicable rates, shall start no sooner than the next business day following the attempted notification. Storage may be, at Freeman's option, in any location that provides reasonably secure storage. Shipper may place the shipment in public storage at the owner's expense and without liability to Freeman.

(c) If Freeman does not receive disposition instructions within 48 hours of the time of Freeman's attempt to notify the party refusing delivery, Freeman may arrange for the property to be stored at the owner's expense. Such notice should advise that if Freeman does not receive disposition instructions within 10 days of that notification, Freeman may offer the shipment for sale at the owner's expense. Freeman may offer the shipment for sale at public auction and Freeman has the right to perform all acts required to effect such disposition. Freeman retains the right to store, repack, and/or perform all acts required to effect such disposition.

(d) Where Freeman has attempted to follow the procedure set forth above and the procedure is not possible, nothing shall be construed to absolve the right of Freeman, at its option, to sell the property under such circumstances and in such manner as may be authorized by law.

(e) When perishable goods cannot be delivered and disposition is not given within a reasonable time, Freeman may dispose of property to the best advantage. Where Freeman is directed by Consignor or Consignee to unload or deliver property at a particular location where Consignor, Consignee, or the Agent of Consignee has no right to control the shipment; stop the shipment in transit, or divert or reschedule same, Freeman's liability shall be limited to a maximum declared value of $500.00 (USD): (a) whenever or wherever the claimed loss or damage may occur; (b) notice of loss or damage must be reported to Freeman at its address: Sedgwick, PO Box 14151, Lexington, KY 40512-4151. Failure to report the claim in accordance with this Section will result in the loss or damage being deemed to have occurred at the time and place last known to Freeman. No action shall be commenced until receipt by Freeman of all documents required by this Section. Claims for loss or damage must be filed as follows: Within five (5) business days of delivery for domestic shipments; or within thirty (30) calendar days from the date of acceptance of the shipment by Freeman for International shipments. The failure to file a claim within the prescribed time limit shall bar all recovery.

6. LIMITATION ON SHIPPER'S RECOVERABLE DAMAGES: FREEMAN'S LIABILITY FOR DAMAGES ON DOMESTIC SHIPMENTS, INCLUDING BUT NOT LIMITED TO THOSE DAMAGES ARISING FROM OR RELATED TO MISDELIVERY, INCOMPLETE OR OTHERWISE INADEQUATE DELIVERY, TARDINESS, DELAY, TIMING ERRORS, INVENTORY ERRORS, MISDESCRIPTIONS, MISUNDERSTANDINGS, INDEFINITE DELIVERY TIMES, INCOMPLETE OR INADEQUATE INSTRUCTIONS OR FAILURE TO COLLECT OR PROPERLY DELIVER A PAYMENT INSTRUMENT, NONDELIVERY, MISSED PICKUP, AND LOSS OF OR DAMAGE TO CARGO, SHALL BE LIMITED TO THE HIGHER OF (A) THE ACTUAL AMOUNT OF DAMAGES AS SHOWN IN THE INVOICE OR TO $100.00 PER KILOGRAM OF CARGO ADVERSELY AFFECTED THEREBY, PLUS TRANSPORTATION CHARGES PAYABLE BY THE SHIPPER AS SHOWN IN THE INVOICE, OR (B) THE CARGO DECLARED VALUE AS SHOWN ON THE INVOICE AND SHIPPED maternally by an Insured Intermodal Interline Agreement. In no event shall Freeman's liability exceed the declared value of the shipment or the amount of loss or damage actually incurred, whichever is lower, and in no event shall Freeman be liable for any consequential damages, whether or not such losses were foreseeable. Freeman shall not be liable for loss or damage due to any cause other than its own willful misconduct, and Freeman shall not be liable for any losses incurred to perishable commodities. If the integrity of a shipment is in question, Freeman may cause damage to perishable commodities. If the integrity of a shipment is in question, Freeman reserves the right to improve packaging at shipper's expense.

7. SHIPPER'S RESPONSIBILITIES AND INDEMNIFICATION:

(a) Shipper must pay in full for the services rendered under this Contract at the time the services are requested. The existence of a dispute between Shipper and Freeman relative to any claim or other matter shall have no bearing on this payment of duty. No claim submitted by or on behalf of Shipper will be processed unless Shipper's account is current.

(b) Shipper understands and acknowledges that Freeman does not accept or transport illegal, dangerous or hazardous materials, or materials of any kind that may cause damage to perishable commodities. If the integrity of a shipment is in question, Freeman reserves the right to improve packaging at shipper's expense.

8. CLAIMS:

(a) Whenever or wherever the claimed loss or damage may occur; (b) notice of loss or damage must be reported to Freeman at its address: Sedgwick, PO Box 14151, Lexington, KY 40512-4151. Failure to report the claim in accordance with this Section will result in the loss or damage being deemed to have occurred at the time and place last known to Freeman. No action shall be commenced until receipt by Freeman of all documents required by this Section. Claims for loss or damage must be filed as follows: Within five (5) business days of delivery for domestic shipments; or within thirty (30) calendar days from the date of acceptance of the shipment by Freeman for International shipments. The failure to file a claim within the prescribed time limit shall bar all recovery.

9. CHOICE OF FORUM: THIS CONTRACT SHALL BE CONSTRUED UNDER THE LAWS OF THE UNITED STATES OF AMERICA AND THE STATE OF TEXAS WITHOUT GIVING EFFECT TO THE STATE'S CONFLICT OF LAWS RULES. FREEMAN AND SHIPPER AGREE THAT ANY CLAIM OR DISPUTE OF ANY SORT ARISING OUT OF OR IN ANY WAY RELATED TO THIS CONTRACT, OR THE PERFORMANCE OR NONPERFORMANCE, OR DAMAGES ARISING RESULTING FROM SAME WILL BE ARBITRATED IN DALLAS COUNTY, TEXAS, AND THE RULES OF THE AMERICAN ARBITRATION ASSOCIATION WILL APPLY UNLESS BINDING ARBITRATION IS UNAVAILABLE TO RESOLVE ANY CONTROVERSY BETWEEN SHIPPER AND FREEMAN TO LITIGATE THE DISPUTE. THE ARBITRATION SHALL BE LITIGATED IN A COURT OF COMPETENT JURISDICTION IN DALLAS COUNTY, TEXAS.

10. MISCELLANEOUS: Shipper warrants the accuracy of the weight and dimension data furnished in this Contract. Shipper understands that once its property is shipped by Freeman pursuant to the instructions contained in this Contract, Shipper has no right to control the shipment; stop the shipment in transit, or divert or reschedule same. Shipper agrees that this shipment is subject to the TERMS stated herein. All TERMS, including but not limited to, all the limitations of liability, shall apply to our agents and their contracting carriers.
1. DEFINITIONS. In this Contract, "Freeman" means Freeman Expositions, Inc., and its respective employees, officers, directors, agents, assigns, affiliated companies, and related entities including any contractors appointed by Freeman. The term "Shipper" means the person or business for whom the property is being transported, and includes all persons who are or may become the owner or consignee of the property. "Freeman's carrier" means any employee, agent, or contractor of Freeman. "Shipment" means the property being transported. "Freeman's loss" means the loss, theft, or damage to property. "Freeman's liability" means the amount Freeman is liable to the Shipper under this Contract. "Freeman's maximum liability" means the maximum amount Freeman is liable to the Shipper under this Contract. "Property" is all objects of any type with respect to which Freeman is performing services in connection with this Contract.

2. FINAL CONTRACT BETWEEN THE PARTIES. In exchange for Shipper's payments and Freeman's services, which the parties have specified in this Contract, Freeman and Shipper each agree that this Contract shall govern their respective rights and obligations regarding transportation of Shipper's property. This Contract is the final agreement between the parties and supersedes all prior agreements, understandings, negotiations, and contracts appointed by the Shipper, excluding only Freeman. "Property" is all objects of any type delivered to Shipper for transportation as described herein. "Consignee" is the party to whom property shall be delivered.

3. FREEMAN'S RESPONSIBILITIES UNDER THE CONTRACT ARE LIMITED. Freeman shall not be responsible for any losses or damages to property or for loss of or damage to property occasioned by circumstances or in such manner as may be authorized by law. Freeman shall exercise due care in the handling and transportation of all property;

4. PACKAGING AND CRATES. Shipper's property must be well packed for safe and secure handling, storage and shipment using ordinary care. ships' property shall be clearly marked to indicate the nature of the cargo and the shipper's name and address at its destination. The property shall be suitably packed in bags or other suitable containers. Statements or representations made in any pick-up ticket, CSR, or packing list as to the state of the property shall be conclusive evidence in favor of Freeman.

5. PERISHABLE GOODS. Goods of a perishable nature are carried in dry vans, trailer units and other equipment having refrigeration facilities. Temperature and humidity controls are set at the request of the Shipper and are subject to change. If the temperature of the property is not maintained within the prescribed range, Freeman shall be relieved of liability for any loss or damage resulting therefrom. The property must be properly packed and insulated to reduce the risk of spoilage or damage during transit.

6. REFUSED SHIPMENTS. If the Consignee refuses a shipment tendered for delivery, Freeman is not responsible for storage, handling or return of the refused shipment. The shipper agrees that this Contract may be provided to any third party, including common or contract carriers of cargo to be transported by Freeman under this Contract.

7. INSURANCE. Freeman is NOT AN INSURER. Shipper is responsible for obtaining insurance for its property. Freeman provides no insurance for Shipper or its property.

8. LIMITATION ON SHIPPER'S RECOVERABLE DAMAGES. Shipper understands that even if shipper's property is lost, stolen, or damaged in transit, steadfastly refuses, Freeman's maximum liability shall be the amount of proven actual value not exceeding the lower fair market value. (The "fair market value" equals the AS IS WHERE IS PRICE FOR THE PROPERTY AT THE LOCATION OF THE SHOW TO WHICH PRICE A VENDING BUYER AND A VENDING SELLER WOULD AGREE IN AN ORDINARY COURSE OF BUSINESS, ARM'S LENGTH SALE). OF $5.00 (USD) PER POUND OF CARGO LOST OR DAMAGED. FREEMAN'S MAXIMUM LIABILITY SHALL BE $500.00 (USD) PER PROPERTY. FREEMAN'S MAXIMUM LIABILITY SHALL BE $500.00 (USD). (a) Artworks and objects of art, including without limitation, original paintings, drawings, etchings, watercolors, tapestries and sculptures or prototypes; (b) Clocks, jewelry, including costume jewelry, furs, and for clothing; (c) Furniture, including furniture and equipment used in the home, such as tables, chairs, bookcases, and beds; (d) Costume jewelry, precious or semiprecious; (e) Money, currency, gift certificates, debentures, debenture, and debenture cards, credit cards, and any other items of extraordinary value; (f) Or other unmarrked, unlisted, or improperly packed television monitors, the maximum liability is the lesser of $3.00 (USD) per pound or the actual invoice price.

Any declared value in excess of the maximum allowed herein is null and void, and the acceptance by Freeman for carriage of any shipment with a declared value in excess of the allowed maximums does not constitute a waiver of any rights of the Shipper. In any event, (excluding small package program shipments) Freeman’s MAXIMUM LIABILITY WILL NEVER BE MORE THAN $100,000 PER SHIPMENT. Shipper understands that even if Shipper is not able to participate or fully participate in a show due to loss of, theft, or damage to their property, Freeman will not be liable or responsible for damages identified by the Shipper for any such show due to loss or damage. Freeman shall not be responsible for the loss or damage to property occasioned by circumstances or in such manner as may be authorized by law.

9. SHIPPER'S RESPONSIBILITIES AND INDEMNIFICATION.

10. CLAIMS. Claims must be filed in writing within 90 days after the delivery of the property (or in the case of export traffic, within 90 days after delivery at the port of export), except that claims for failure to make delivery must be filed within 90 days after a reasonable time for delivery has elapsed. Suits for loss, damage, or delay shall be instituted against Freeman no later than 2 years and 1 day (from the day when written notice is given by the Consignee to the Shipper that Freeman has not delivered the property). The property must be inspected within 90 days of delivery, and any claims for loss or damage must be filed within 90 days after the property has been inspected. The Shipper agrees that the presumption shall arise that the property delivered was in sound condition as they were in when delivery was discovered. Claims filed more than nine (9) months following the date on the property was delivered or should have been delivered are agreed to be forever time barred.

11. CHOICE OF FORUM/ ARBITRATION. THIS CONTRACT SHALL BE CONSTRUED UNDER THE LAWS OF THE STATE OF TEXAS WITHOUT GIVING EFFECT TO ITS CONFLICT OF LAWS RULES, EXCLUSIVE VENUE FOR ANY ACTION OR CONTROVERSY ARISING OUT OF OR RELATING TO THE PERFORMANCE OR INTERPRETATION OF THIS CONTRACT SHALL RESIDE IN A COURT OF COMPETENT JURISDICTION IN DALLAS COUNTY, TEXAS. Notwithstanding anything herein to the contrary, any controversy or claim arising out of or relating to this Contract shall be arbitrated by the Commercial Arbitration Association in accordance with its Commercial Arbitration Rules and judgment on the award rendered by the arbitrator(s) is (are) final and binding on the parties.

12. MISCELLANEOUS. (a) Shipper warrants the accuracy of the weight and dimension data furnished in this Contract; (b) In the event that Freeman's Small Packages program is not accepted, the parties agree to abide by the terms and conditions set forth herein.

13. SMALL PACKAGE PROGRAM. If items shipped via Freeman’s Small Packages program are lost, damaged, or stolen, Shippers MAXIMUM LIABILITY WILL NEVER BE MORE THAN $100,000 PER SHIPMENT. Shipper understands that even if Shipper is not able to participate or fully participate in a show due to loss of, theft, or damage to their property, Freeman will not be liable or responsible for damages identified by the Shipper for any such show due to loss or damage. If a declared value is provided on the face of these shipping instructions, if so indicated, to Shipper or the party, if any, designated in these instructions to receive notice.

With respect to the provisions of this Contract, the terms and conditions set forth herein shall apply and control all matters related to payment for the shipment. Shipper agrees that all shipments are subject to correction and final confirmation of the property delivered, the property is delivered in proper quantity and in good condition.
TRANSPORTATION SERVICE, FULLY LOADED.

Our convenient, affordable package puts productivity in overdrive.

Turn to Freeman for one-stop transportation services. Our all-inclusive round trip standard ground shipping and material handling package means transporting materials to any exhibit location has never been easier or more affordable. Plus, Freeman works directly with you and show site decision makers to streamline the process, so it's faster than ever to get on the road to success.

The Freeman Exhibit Transportation promise:

- ALL-INCLUSIVE PRICING WITH NO ADDITIONAL FEES FOR PICKUPS AND DELIVERIES, INCLUDING WEEKEND AND NIGHT SERVICE
- PICK-UP AND TRANSPORTATION FROM POINT OF ORIGIN TO YOUR CHOICE OF EITHER ADVANCE WAREHOUSE OR SHOW SITE
- ON-SITE TRANSPORTATION EXPERTS ARE AVAILABLE BEFORE, DURING AND AFTER THE SHOW
- RELIABLE CUSTOMER SERVICE SEVEN DAYS A WEEK, OFFERING COMPLETE SHIPMENT VISIBILITY AND EXPERT SUPERVISION
- PRE-PRINTED SHIPPING LABELS AND OUTBOUND PAPERWORK

Benefits:

- TURNKEY PRICING ENSURES PRECISE BUDGETING
- NO ADDITIONAL HANDLING, PICK-UP OR DELIVERY FEES
- NO ADDITIONAL FUEL SURCHARGES OR OVERTIME SURCHARGES
- NO CARRIER WAITING TIME FEES
- EXPERIENCED ON-SITE TRANSPORTATION REPS FROM MOVE-IN THROUGH MOVE-OUT
- LTL (LESS THAN TRUCK LOAD) SHIPPING

*Services apply to destinations anywhere in the Continental U.S.

WHAT ARE FREIGHT SERVICES?

As the official service contractor, Freeman is the exclusive provider of freight services. Material handling includes unloading your exhibit material, storing up to 30 days in advance at the warehouse address, delivering to the booth, the handling of empty containers to and from storage, and removing of material from the booth for reloading onto outbound carriers. It should not be confused with the cost to transport your exhibit material to and from the convention or event. You have two options for shipping your advance freight — either to the warehouse or directly to show site.

HOW DO I SHIP TO THE WAREHOUSE?

• We will accept freight beginning 30 days prior to show move-in.
• To check on your freight arrival, call Exhibitor Services at the location listed on the Quick Facts.
• To ensure timely arrival of your materials at show site, freight should arrive by the deadline date listed on the Quick Facts. Your freight will still be received after the deadline date, but additional charges will be incurred.
• The warehouse will receive shipments Monday through Friday, except holidays. Refer to the Quick Facts for warehouse hours. No appointment is necessary.
• The warehouse will accept crates, cartons, skids, trunks/cases and carpets/pads. Loose or pad-wrapped material must be sent directly to show site.
• All shipments must have a bill of lading or delivery slip indicating the number of pieces, type of merchandise and weight.
• Shipments received without receipts or freight bills, such as Federal Express and UPS, will be delivered to the booth without guarantee of piece count or condition.
• Certified weight tickets must accompany all shipments.
• Warehouse freight will be delivered to the booth prior to exhibitor set up.

WHAT ABOUT PREPAID OR COLLECT SHIPPING CHARGES?

• Collect shipments will be returned to the delivery carrier.
• To ensure that your freight does not arrive collect, mark your bill of lading “prepaid.”
• “Prepaid” designates that the transportation charges will be paid by the exhibitor or a third party.

HOW SHOULD I LABEL MY FREIGHT?

• The label should contain the exhibiting company name, the booth number and the name of the event.
• The specific shipping address for either the warehouse or show site is located on the Quick Facts.

HOW DO I ESTIMATE MY MATERIAL HANDLING CHARGES?

• Charges will be based on the weight of your shipment. Each shipment received is billed individually and is subject to the applicable show weight minimum. The shipment weight will be rounded to the next 100 pounds. Each 100 pounds is considered one “cwt.” (one hundred weight). All shipments are subject to reweigh.
• On the Material Handling Order Form, select whether the freight will arrive at the warehouse or be sent directly to show site.
• Next, select the rate for the freight category that best describes your shipment. There are four categories of freight:
  • **Crated:** material that is skidded or is in any type of shipping container that can be unloaded at the dock with no additional handling required.
  • **Special Handling:** material delivered by the carrier in such a manner that it requires additional handling, such as ground unloading, stacked and constricted space unloading, designated piece unloading, loads mixed with pad-wrapped material, loads failing to maintain shipping integrity, and shipments that require additional time, equipment or labor to unload. Federal Express and UPS are included in this category due to their delivery procedures.
**Freight Services**

**Uncrated:** material that is shipped loose or pad-wrapped, and/or unskidded machinery without proper lifting points.

**Carpet and/or Pad Only:** shipments that consist of loose carpet and/or padding only require additional labor and equipment to unload.

- All inbound and outbound shipments are subject to overtime charges if the shipments are received, loaded or unloaded during the overtime hours specified on the Material Handling Order Form. This includes both warehouse and show site shipments.
- Add any late delivery or off-target charges listed on the Material Handling Order Form if the freight will be received after the deadlines listed on the Quick Facts.
- The above services, whether used completely or in part, are offered as a package and the charges will be based on the total inbound weight of the shipment.

**Where Do I Get a Forklift?**

- Forklift orders to install or dismantle your booth after materials are delivered may be ordered in advance or at show site. We recommend that you order in advance to avoid additional charges at show site. Refer to the Rigging Order Form for available equipment.
- Advance and show site orders for equipment and labor will be dispatched once a company representative signs the labor order at the Freeman Service Center.
- Start time is guaranteed only when equipment is requested for the start of the working day.

**Do I Need Insurance?**

- Be sure your materials are insured from the time they leave your firm until they are returned after the show. It is suggested that exhibitors arrange all-risk coverage. This can be done by riders to your existing policies.
- All materials handled by Freeman are subject to the Terms and Conditions, which can be found in the exhibit service manual or online at www.freeman.com.

**Other Available Freight Services**

(may not be available in all locations)

- Cranes
- Accessible storage at show site
- Exhibit transportation services (see enclosed brochure)
- Security storage at show site
- Short-term and long-term warehouse storage
- Local pick-up and delivery
- Priority empty return

**What Happens to My Empty Containers During the Show?**

- Pick up “Empty Labels” at the Freeman Service Center. Once the container is completely empty, place a label on each container individually. Labeled empty containers will be picked up periodically and stored in non-accessible storage during the event.
- At the close of the show, the empty containers will be returned to the booth in random order. Depending on the size of the show, this process may take several hours.

**How Do I Protect My Materials After They Are Delivered to the Show or Before They Are Picked Up After the Show?**

- Consistent with trade show industry practices, there may be a lapse of time between the delivery of your shipment(s) to your booth and your arrival. The same is true for the outbound phase of the show — the time between your departure and the actual pick-up of your materials. During these times, your materials will be left unattended. We recommend that you arrange for a representative to stay with your materials or that you hire security services to safeguard your materials.

**How Do I Ship My Materials After the Close of the Show?**

- Each shipment must have a completed Material Handling Agreement in order to ship materials from the show. All pieces must be labeled individually.
- To save time, complete and submit the Outbound Shipping Form in advance, or you may contact the Freeman Service Center at show site for your shipping documents.
- Once we receive your outbound shipping information we will create your Material Handling Agreement and shipping labels. If the shipping information is provided in advance, the Material Handling Agreement will be delivered to your booth with your invoice. Otherwise the Material Handling Agreement and labels will be available for pick up at the Freeman Service Center.

Call customer service at the number listed on the Quick Facts. For fast, easy ordering, go to www.freeman.com.
**MATERIAL HANDLING SERVICES**

**CRATED:** Material that is skidded or is in any type of shipping container that can be unloaded at the dock with no additional handling required.

**SPECIAL HANDLING:** Material delivered by a carrier in such a manner that it requires additional handling, such as ground unloading, stacked or constricted space unloading, designated piece unloading, shipment integrity, alternate delivery location, loads mixed with pad wrapped material, carpet and/or pad only shipments, no documentation and shipments that require additional time, equipment or labor to unload. **Federal Express, UPS & DHL** are included in this category due to their delivery procedures.

**UNCREDITED:** Unmaterial that is shipped loose or pad-wrapped, and/or unskidded machinery without proper lifting points.

**CARPET AND/OR PAD ONLY:** Shipment that consist of loose carpet and/or the only required to unload.

**STRAIGHT TIME:**
- **8:00 A.M. to 4:30 P.M. Monday through Friday**
- **8:00 A.M. to 8:00 A.M. Monday through Friday, all day Saturday, Sunday, and Holidays**

**OVERTIME:**
- **4:30 P.M. to 8:00 A.M. Monday through Friday, all day Saturday, Sunday, and Holidays**

**ADDITIONAL SURCHARGES:**
- **Show Site Shipment (200 lb. minimum)**
- **Warehouse Shipment (200 lb. minimum)**
- **Overtime Charge - Warehouse**
- **Overtime Charge - Show Site**
- **Off-target Charge**

N/A
Special handling applies to shipments that are loaded by cubic space and/or packed in such a manner as to require additional labor/handling, such as ground unloading, constricted space unloading, designated piece unloading, carpet/pad only shipments or stacked shipments. Also included are shipment integrity, alternate delivery locations, mixed shipments, and shipments without individual bills of lading. Shipments loaded in this manner require additional time, labor, or equipment, to unload, sort and deliver.

What is Ground Loading/Unloading?
Vehicles that are not dock height, preventing the use of loading docks, such as U-hauls, flat bed trailers, double drop trailers, company vehicles with trailers that are not dock level, etc.

What is Constricted Space Loading/Unloading?
Trailer loaded “high and tight” shipments that are not easily accessible. Freight is loaded to full capacity of trailer – top to bottom, side to side. One example of this is freight that is loaded down one side of a trailer that must be bypassed to reach targeted freight.

What is Designated Piece Loading/Unloading?
Drivers that require the loading crew to bring multiple pieces of the freight to the rear of the trailer to select the next piece, having to remove freight from the trailer then reload to fit or the trailer must be loaded in a sequence to ensure all items fit.

What are Stacked Shipments?
Shipments loaded in such a manner requiring multiple items to be removed to ground level for delivery to booth. Stacked or “cubed out” shipments, loose items placed on top of crates and/or pallets constitute special handling.

What is Shipment Integrity?
Shipment integrity involves shipments on a carrier that are intermingled, or delivered in such a manner that additional labor is needed to sort through and separate the various shipments on a truck for delivery to our customers.

What is Alternate Delivery Location?
Alternative delivery location refers to shipments that are delivered by a carrier that requires us to deliver some shipments to different levels in the same building, or to other buildings in the same facility.

What are Mixed Shipments?
Mixed shipments are defined as shipments of mixed crated and uncrated goods, where the percentage of uncrated is minimal and does not warrant the full uncrated rate for the shipment, but does require special handling. Freeman defines special handling for mixed loads as having less than 50% of the volume as uncrated.

What does it mean if I have “No Documentation”?
Shipments arrive from a small package carrier (including, among others, Federal Express, UPS & DHL) without an individual Bill of Lading, requiring additional time, labor and equipment to process.

What is the difference between Crated and Uncrated Shipments?
Crated shipments are those that are packed in any type of shipping container that can be unloaded at the dock with no additional handling required. Such containers include crates, fiber cases, cartons, and properly packed skids. An uncrated shipment is material that is shipped loose or pad-wrapped, and/or unskidded without proper lifting points.

What about carpet only shipments?
Shipments that consist of loose carpet and/or padding only require additional labor and equipment to unload.

FURNISH FORWARD

Freeman sets the stage for success with temporary furnishings that make lasting impressions. With high-quality furniture in shapes and styles that suit your budget and design needs, Freeman always provides an ideal solution for your exhibit.

- Sleek and professional furniture products transform your exhibit into a destination
- Extensive selection of seating, surfaces, and display fixtures provides a completely custom and comprehensive approach to your brand experience
- No assembly required. Hassle-free shipment, setup, and tear down allow your exhibitors to focus on what matters: new business
- Prices are all-inclusive and cover delivery, installation and material handling with no hidden fees

Call customer service at the number listed on the Quick Facts. For fast, easy ordering, go to freeman.com
SUPERIOR SEATING

Sit back and relax – your search for comfortable seating is over. Choose from a sleek selection of sofas, loveseats and chairs that are sure to take your exhibit design to the next level.

DISPLAY

Some of the most essential elements of your exhibit are the surfaces on which you display your show materials. That's why we have an appealing variety of displays, from standing cylinders to sleek computer desks to draped tables and counters, to ensure your show space will be both attractive and interactive.

**DISPLAY CYLINDERS**

FROM THE GROUND UP

Engage your audience from the moment they set foot in your exhibit with Freeman’s custom carpets. Our colorfast carpeting boasts a consistent shade every time and the padding exceeds industry standards, ensuring that you’ll be floored by the quality. Freeman’s custom options include borders, patterns and logo applications in both our classic and prestige carpeting lines.

- Colorfast carpet technology guarantees a uniform and professional look throughout the life of your exhibit
- Diverse customization options guarantee the fulfillment of your brand standards
- All carpet and padding is manufactured with recycled material
- Rental prices are all-inclusive so there are never hidden charges for material handling or pickup
- Renting carpet from Freeman minimizes your shipping footprint

Call customer service at the number listed on the Quick Facts. For fast, easy ordering, go to freeman.com
PRESTIGE CARPET

Freeman's prestige carpet combines plush comfort with durable soil and stain resistance, perfect for high-traffic areas. Five popular colors are available in a luxurious 40-ounce weight and all nine designer colors are available in a 28-ounce weight.

Freeman's prestige carpet packages include new 10-foot-wide carpet, delivery, Visqueen covering, installation, carpet tape, carpet removal and all carpet material handling fees. Prestige carpet is one time use. The carpet for your booth will be brand new and recycled at the end of the show. Price includes environmentally friendly disposal of carpet after usage. Foam carpet padding is available for a minimal fee. If you have a large order, please contact us to see if volume discounts may apply.

Custom Options
Prestige carpets can also be customized to fit your exhibit needs with unique logos, patterns and borders. Call the phone number on the Quick Facts for assistance.

![Colors Available in Both 28 oz. and 40 oz.]

CLASSIC CARPET

Custom Cut
Freeman classic carpet is available in a range of colors and includes delivery, Visqueen covering, installation, carpet tape, carpet removal and all carpet material handling fees. Foam carpet padding is available for a minimal fee. If you have a large order, please contact us to see if volume discounts may apply.

Freeman Classic carpet is reused a minimum of four times before retired from inventory and recycled. Darker colored carpets such as black and gray, as well as the two-toned carpet are made of 20-25% recycled content.

Standard Cut
Our classic carpet comes in a variety of sizes. Prices include delivery, installation, carpet tape, carpet removal and all carpet material handling fees. Foam carpet padding and Visqueen covering are available for a minimal fee.

Actual colors may vary slightly

FIT TO PRINT

SmartFabric® is a triple-layered fabric made of 100 percent polyester that's ideal for printed graphics. It's an extremely versatile all-in-one fabric and has been treated to meet NFPA 701 small-scale flammability standards. This lightweight material provides an easy way to make a big impact and has a small shipping footprint to reduce your shipping cost and carbon emissions.

*Client to provide print-ready artwork, or Freeman can design artwork for an additional fee.
SMARTFABRIC® RENTAL EXHIBITS

RENTAL EXHIBITS INCLUDE:

- Custom Fabric Graphic* with zippered carrying case (fabric graphic purchased to keep)
- Rental Frame, a 100% recyclable structure
- 9’ x 10’ or 9’ x 20’ Classic Carpet (color selections on page 3)
- Exhibit Installation & Dismantle
- Exhibit Material Handling
- Nightly Vacuuming
- 3 Arm Lights per 10’ Booth
- 6 Arm Lights per 20’ Booth
- Power for lights only

FRAME ONLY UNIT

If you rented a SmartFabric booth previously, you own the graphic. For subsequent shows, all you need to do is rent the frame. We will install your fabric graphic over the frame.**

RENTAL EXHIBITS INCLUDE:

- Rental Frame
- 9’ x 10’ or 9’ x 20’ Classic Carpet (color selections on page 3)
- Exhibit Installation & Dismantle
- Exhibit Material Handling
- Nightly Vacuuming
- 3 Arm Lights per 10’ Booth

*Client to provide print-ready artwork, or Freeman can design artwork for an additional fee. **Only Freeman SmartFabric will be installed on the frame.

Questions? To speak with an Exhibitor Sales Specialist, call the number listed on the Quick Facts Page in the Exhibitor Manual.
CLASSIC CARPET
Freeman Classic carpet is reused a minimum of four times before being retired from inventory and recycled. Darker-colored carpets such as black and gray, as well as two-toned carpets, are made of 20-25 percent recycled content.

9’ x 10’ or 9’ x 20’ (16 oz.) – Color Options Included with Rental Package Options

- black
- blue
- gray
- green
- latte
- midnight blue
- plum
- red
- red pepper
- tuxedo

9’ carpet is laid toward the front edge, leaving 1’ at the back of the booth for utility port access. Actual colors may vary slightly.

PRESTIGE CARPET
Prestige carpet is for one time use. The carpet for your booth will be brand new and recycled at the end of the show. Renting carpet from Freeman minimizes your shipping footprint.

(28 oz.) – Available Upgrade Color Options

- black*
- cardinal
- charcoal*
- cream
- gray pearl*
- navy*
- toast
- wedgewood
- white*

*Colors available in both 28 oz. and 40 oz. Actual colors may vary slightly.

OPTIONAL ACCESSORIES

SMARTFABRIC® ZIPPERED CARRYING CASE

One SmartFabric zipper bag is included with purchase.

CLEAR ACRYLIC SHELF

(holds up to 15 lbs each)

CUSTOM GRAPHICS
An exhibitor sales specialist will contact you to review the process for providing your own graphic files or options for using our graphic design services to design your back wall.

FREEMAN SUSTAINABILITY FOCUS
This solution is a clean footprint booth. This rental unit includes a 100 percent recyclable aluminum frame. All flooring, lighting, furniture, and booth structure will go back into inventory to be reused or recycled.
## SmartFabric Exhibit

SmartFabric Exhibits provide a custom printed fabric graphic to keep and reuse on future events.

questions?

All packages can be customized or modified to fit your specific needs. To speak with an Exhibitor Sales Specialist, call the number listed on the Quick Facts.

“CLEAN FOOTPRINT” MATERIALS

When you select “Clean Footprint” materials for your booth we will use only materials that can be reused or recycled. All flooring, lighting, furniture, and booth structure will go back into inventory to be reused again. Your personalized graphic panels used in the booth will be printed on reusable and 100% recyclable substrate such as Freeman honeycomb, converd board and reboard. Using a Freeman rental unit includes 100% recyclable aluminum in the structure and virtually eliminates your shipping footprint and carbon emissions.
To place your order, please check the appropriate box and complete the remaining selections at the bottom of the form.

07/17 (468645)
TotalFlex® provides the ability to configure exhibits to fit your space, budget and vision from show to show. Available for rent or for purchase, this pop-up display is versatile, lightweight and durable, and setup can be completed without tools in only a few minutes.
The TotalFlex® solution is the most versatile exhibit option available:

- Floor unit cases easily convert into a podium.
- Velcro-compatible fabric panels available in a wide selection of colors.
- Compatible with shelves, lights and other innovative trade show accessories.
- Available in a variety of sizes for rent or purchase, including a tabletop version (shown on front).
- Freeman offers full graphic and logo design solutions.*
- All TotalFlex® rental units include installation & dismantling of display system, material handling, 9’x10’ or 9’x20’ Classic Carpet with nightly vacuuming, 200-watt halogen lights (1 light for the table-top unit, 2 lights per 8x10 unit) as well as power and labor to hang them.

*Graphic design elements are priced separately and not included with TotalFlex® order.
For fast, easy ordering, go to www.freeman.com

QUICK TIPS

- If shipping literature or products, material handling rates will apply.
- Order in advance to save time, money and ensure availability.
- Orders received after the deadline date or without payment will be charged the Standard Price.

For fast, easy ordering, go to www.freeman.com
SEEING IS BELIEVING

Quality graphics contribute significantly to the impact of your exhibit. With state-of-the-art design and printing capabilities, Freeman brings your banners, signage, and exhibit graphics to life in a larger-than-life way. Our graphics products redefine “high definition,” which means your brand has never been seen like this before.

- Photo-quality / high-resolution printing on a variety of rigid and rolled material including honeycomb, foam, Polyfoam, PVC, acrylic, fabric, vinyl and mesh materials
- Grand Format printers provide high-resolution digital printing of single and double-sided banners in virtually any size
- Electronic file transfer, in-house printing, and company-wide procedure standardization allow us to control quality, cost and scheduling on a nationwide basis
- Freeman’s extensive resources ensure that last minute repairs and replacements are handled efficiently as needed, no matter where your event may be located

Call customer service at the number listed on the Quick Facts. For fast, easy ordering, go to freeman.com
CREATING VISUAL EXCITEMENT

Quality graphics contribute significantly to the impact of your exhibit. Vivid colors and sharp images attract attention, build traffic, and communicate messages more effectively. Freeman has invested in the latest printing technology and has the skills to provide you with the finest high-resolution digital graphic reproduction available.

STATE-OF-THE-ART CAPABILITIES

Freeman can provide four-color, photo-quality, high-resolution digital printing in virtually any size for banners, signage, exhibit graphics, and more. Each Freeman location has stand-alone printing capabilities, along with two additional graphic locations for additional support and for special requirements.

SUPERIOR QUALITY CONTROL

Electronic file transfer, in-house printing, and company-wide standardization of procedures allow us to control quality, cost and scheduling for our customers on a nationwide basis. Last minute repairs and replacements are handled efficiently through our nationwide resources.

DEPTH OF RESOURCES

- 5M UV roll printers provide grand format, four-color, high-resolution digital printing of single and double-sided banners up to 16’ wide and virtually any size with seams.
- 3M Dye Sublimation printers provide 10’ fabric graphics that work perfectly in our SmartWall panel system.
- UV flatbeds print directly to a variety of ridged materials and offer a 100% recyclable graphic when using a cardboard substrate.
- Freeman offers 100% recyclable substrates that can save you money and the environment.
- Large format Eco-Solvent printers produce high quality graphics for wall, carpet and window applications.
- 3M high speed digital cutters allow for precise cutting of multiple panel applications and also custom router graphic panels.
- Computer-aided graphic design & layout available for your assistance.

REPRODUCTION AND INSTALLATION

- Suspended banners
- Logo reproduction
- Accent graphic photo panels
- Backlit displays and murals
- Large format signage and banners
- Four-color carpet image printing

CUSTOMER GUIDELINES FOR SUBMITTING GRAPHICS ARTWORK

Our goal is to provide you with the best possible quality graphics for your event or exhibit. You can help us in that effort by providing digital art files using the following guidelines. If you are sending us completed, print-ready files, please pass the following information on to your graphics designer or art department. Two overall considerations for submitting acceptable artwork involves proper resolution or size of the file to avoid poor quality images, and proper color matching information and proofs to ensure accurate color reproduction.

PLEASE PROVIDE THE FOLLOWING WHEN SUBMITTING ART

RASTER ART (photos, logos containing any continuous tone images):
• Art submitted at 1:1 (100%), resolution should be no less than 60 dpi (100 dpi preferred)
• Art submitted at 2:1 (50%), resolution should be no less than 120 dpi (200 dpi preferred)
• Art submitted at 4:1 (25%), resolution should be no less than 240 dpi (400 dpi preferred)

VECTOR ART:
• Logos should be vector and have outlined fonts (if provided as bitmap, please use high-res images)

FONTS and LINKS
• Supply all fonts used in your design (zip Mac fonts). If unsure how to collect fonts, convert them to outlines
• Supply all links used in your document. Use packaging feature if available. If unsure how to collect links, embed them in the file when saving.

COLOR
• If PMS color matching is required, please use original Pantone + Solid Coated swatches in your artwork. Modifying Pantone names will result in printing default color (CMYK)
• CMYK artwork will be produced “As Is”. Our color output is balanced and vibrant.
• Convert RGB art to CMYK if possible.
• If you are sending Certified Color Proofs (Gracol, Swop, Fogra), please provide ICC file information used to print your samples. Best option would be to include ICC chart on your prints.

ARTWORK IN THE STRUCTURE
• Please note that any panels going in the metal frame will hide 1/4" of your art all the way around. If you have a continuous wall where individual panels are divided by metal, use 1.25" spacing in between each panel to account for gaps and the natural flow of the graphics.

ACCEPTABLE FILE SOFTWARE

We are capable of working with both PC and MAC based software, and can accept art created with the ADOBE Creative Suite - Illustrator, InDesign, and Photoshop

Always provide the following:
• Native files with fonts and links (zipped)
• High-res PDF-X/4 exports of the files

ACCEPTABLE FILE TYPES and SUPPORT FILES

NATIVE FILES:
• AI CLOUD (CC) file with Packaged supporting links and fonts. You may keep images linked but Packaging feature must be used.
• AI (CS6, CS5, CS4...) file with embedded links and outlined fonts
• EPS file with embedded links and outlined fonts
• INDD file with Packaged supporting links and fonts

PRINT FILES:
• High-res PDF-X/4 (preferred)
• AI with PDF content (choose this option when saving file)
• EPS files with embedded links and outlined fonts

RASTER OR BITMAP ART:
• Photoshop EPS (preferred, use 8-bit preview, Max, Quality JPG compression)
• PSD (make sure font layers are rasterized)
• TIFF, JPG (quality 8 and higher)

Mac users: Use Zip or Stuffit programs when submitting fonts other than OTF (Open Type Fonts)

WAYS TO SEND ARTWORK

• Files below 10 MB can be delivered via email. Larger files may be posted to Freeman’s FTP site. You may get the password and other needed information from your Freeman service representative in order to post files. However, a hard copy proof and backup of the files on CD-Rom/DVD may be required to be sent via overnight delivery in addition to posting the electronic files. Please call (508) 894-5100 for assistance.
MATERIAL MATTERS

The materials you use for your exhibit speak volumes about your brand. Freeman digitally prints high-resolution, photo-quality images on an impressive variety of fabrics. From custom carpeting to hanging banners, no matter the size, shape or color, Freeman can print it beyond your expectations.

• Freeman’s exhibit specialists deliver one-stop solutions for design, fabrication and custom graphics that meet both long and short-term usage goals.
• Stretch fabrics can be used to customize almost any three-dimensional object.
• Further customize exhibits with aluminum framing to transform digital graphics into back walls and other free-standing structures.
• Integrated lighting is available for enhanced effects.

Call customer service at the number listed on the Quick Facts. For fast, easy ordering, go to freeman.com.
COMPREHENSIVE CAPABILITIES
Freeman can digitally print high-resolution, photo-quality images on nylon, stretch fabrics, carpeting and a variety of other materials. No matter what size, shape, or color, Freeman can print it. We can further customize exhibits with:
• Aluminum framing to transform large digital graphics into backwalls and other free-standing structures
• Integrated lighting for enhanced effects
• A wide variety of opaque and translucent materials

ONE-STOP SOLUTIONS
Freeman’s exhibit specialists can deliver a range of services to fit any budget and work with both long and short-term usage goals.
• Design
• Fabrication
• Custom Graphics
• Lighting Effects
• Installation and Dismantling
• Shipping and Storage

GEOMETRIC STRUCTURES
For detailed specifications on structures such as these, or for more information on our wide range of versatile fabric solutions, please contact our representatives at the number listed in your exhibitor information.

GREEN
For detailed specifications on structures such as these, or for more information on our wide range of versatile fabric solutions, please contact our representatives at the number listed in your exhibitor information.

SmartFabric® is an easy way to make an impact without the heavy shipping bill. This material is lightweight with a small shipping footprint to reduce your shipping cost and carbon emissions.
**STANDARD PURCHASE -- Standard Framing, Sizes, and Fabric**

- Single-sided graphics and frame hardware included.
- Complete the “Hanging Sign” order form. (Labor and hardware to hang sign are NOT included.)
- Orders received after the deadline date are subject to availability and will be charged standard prices.

*An Exhibitor Sales Solutionist will contact you for details.*

Please check the box to have an Exhibitor Sales Solutionist contact you regarding FREE Samples of materials and/or quotes.
UNION JURISDICTIONS
BOSTON, MASSACHUSETTS

We have provided these definitions to acquaint you with specific guidelines for labor. If you have any questions once you have read this, please address them to Show Management or to Freeman directly.

The unpacking, erection, assembling, dismantling, and packing of displays and equipment may be done by full-time employees of an exhibiting company. The official labor contractor for the exposition will have skilled craftsmen to assist exhibitors who wish to hire labor to perform these services. Arrangements for all temporary labor should be made through the official service contractor. Official labor order forms are included in the exhibitor service manual.

MATERIAL HANDLING

Work rules require that the official material handling contractor off-load all equipment and display material from commercial carriers/common carriers or van lines. The use of fork trucks, pallet jacks and lift gates are permitted only by personnel of the official material handling contractor. Exhibitors are allowed to perform their own material handling, provided they meet all of the following criteria:

Personnel performing the work must be bonafide, full-time company employees of the exhibiting company.

They must be off-loading from a company owned truck or rental vehicle, or from a car, van or truck owned by personnel of the exhibiting company. All trucks, including co-owned or rental vehicles, over 24' in length will be off-loaded or loaded by the official material handling contractor.

They may use only hand-operated equipment, which they have provided; two-wheeled hand trucks and four-wheeled flat trucks are permitted. The use of fork trucks, pallet jacks, lift gates or any other mechanical equipment is not permitted by anyone other than the official drayage contractor.

BOOTH LABOR

Exhibitors are allowed to set-up and/or dismantle their own booths, provided that they use their own bonafide, full-time employees. Please advise them not to bring outside labor of any kind.

TIPPING

Our Work Rules prohibit the SOLICITATION of tips by any of our employees. Our employees are paid excellent wages denoting a professional status and we feel that tipping is not necessary. Should you be SOLICITED for a tip, please report the incident to our Service Center as soon as possible.
LET US DO THE HEAVY LIFTING

Freeman specialists are ready to assist you with all of your exhibit requests, from beginning to end. And when it comes to installing and dismantling exhibits, we make no exceptions. Whether it’s shipping and storage, emergency on-site repairs, basic installation and dismantling or support service coordination, including electrical, furnishings and more, Freeman has the resources and capabilities to ensure the most successful show experience possible.

Call customer service at the number listed on the Quick Facts. For fast, easy ordering, go to www.freeman.com
Freeman installation & dismantling experts work closely with you to coordinate every phase of your trade show participation, including:

- Pre-planning and budget consultation
- Skilled labor coupled with support services coordination - electrical, furnishings, floral, transportation, and audio visual
- On-site supervisors with dedicated floor managers
- Full, in-house carpentry for emergency repairs and refurbishing
- Post-show evaluations focused on incremental improvement to meet rapidly changing market conditions based upon customer feedback
- Post-show evaluations that help identify small changes that make big impacts

ON-SITE SUPERVISION

You may wish to supervise labor on your own, but if you need assistance, Freeman installation & dismantling experts will get the job done as an extension of your team.

If You Use Freeman Staff

Exhibits can be set up prior to your arrival under the direction of Freeman I&D supervisors.
### DISPLAY LABOR (One Hour Minimum per Worker)

<table>
<thead>
<tr>
<th>Description</th>
<th>Advance Price</th>
<th>Show Site Price</th>

TERMS & CONDITIONS

1. Straight time rates apply to labor calls between the hours of 8:00 a.m. and 4:30 p.m., Monday through Friday. Overtime rates apply to labor calls before 8:00 a.m. and after 4:30 p.m., Monday through Friday, Saturdays, Double time rates apply to labor calls all day Sundays and Holidays.

2. Labor rates are based on current wage scales and are subject to change in the event of a wage increase after rates have been published.

3. A minimum charge of one hour is applicable to all labor requests. Additional time on the same day is billed in 1/2 hour increments. Continuations to another day are a minimum of 1 hour. A one hour minimum charge will apply to pick up cords.

4. Charges for labor commence at time of dispatch to service the labor call. A one hour minimum will apply if an exhibitor representative is not present at the time of call or reschedules the call, unless 24 hour advance notice is received in writing.

5. Labor charges will include the time for laborers to gather the necessary tools and material for the job, have their work checked by the client and return the tools and material to the supply area.

6. Every effort will be made to dispatch laborers as requested but start times cannot be guaranteed. 8:00 a.m. calls will be filled on a first come first served basis as orders are received.

7. Claims will not be considered, or adjustments made, unless filed in writing, by Exhibitor, prior to the close of the event.

8. Freeman is not responsible for any damage or loss caused by the loss of power beyond its control and Exhibitor agrees to hold Freeman, it officers, directors, employees and agents harmless from such power loss. IN NO EVENT SHALL FREEMAN BE LIABLE FOR ANY INDIRECT OR CONSEQUENTIAL DAMAGES (INCLUDING WITHOUT LIMITATION LOST PROFITS) EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGES, WHETHER UNDER THEORY OF CONTRACT, TORT (INCLUDING NEGLIGENCE), PRODUCTS LIABILITY OR OTHERWISE. Exhibitor shall indemnify and hold harmless Freeman, its officers, directors, employees, and agents from and against any and all claims, liabilities, damages, fines penalties or costs of whatsoever nature (including reasonable attorneys' fees) arising out of or in any way connected with Exhibitor’s actions or omissions under this Agreement.

EXAMPLE OF PLAN AND INFORMATION REQUIRED TO COMPLETE FLOORWORK

Please indicate the following on the floor plan.
1. Location and load of main power drop - please provide specific dimensions and wattages/amperages.

2. Location and load of all outlets - please provide specific dimensions and wattages/amperages.

3. Booth orientation - please provide surrounding aisle and/or booth numbers

IN LINE BOOTHS
Power is run or dropped to in line booths along the back walls or drape line of multi booth sections. The “main power locations” therefore are always located at the back of in line and peninsula booths. Outlets may not be in the exact center of the back wall. 120 volt outlets are shared by back to back booths.

Example: Outlet = ⊘

Introduction

On behalf of the Massachusetts Convention Center Authority, welcome to Boston!

We are excited to have you exhibit at our state-of-the-art facilities and look forward to working together to help you achieve your most ambitious goals. We are proud to offer the service, technology, and resources that will help you bring your vision to life. Our Exhibitor Services Team is an invaluable resource to assist you with transforming your ideas into an unforgettable event for your guests.

World-class customer service has become our signature as a meetings destination, which is why we have given our meetings and conventions experience a new name: Signature Boston. Unique and personal, a signature represents a promise that defines who we are and what we stand for. It speaks to our unwavering commitment to making every event we host in our city a success beyond your expectations.

This Ordering Guide is designed to make planning and ordering easy for all exhibitors. Each service section contains the following:

- Description of Services & Equipment and Pricing;
- Installation & Connection Information;
- Terms & Conditions, and;
- Frequently Asked Questions.

In addition to the orderable services listed in this guide, the MCCA also offers the following services for you to take advantage of on-site:

- Exhibitor Service Desk with assigned Event Associate
- Internet Support Services
- Free Wireless Internet Service
- FedEx Business Center

If you have any unanswered questions, please contact Exhibitor Services at 1.617.954.2230 or exhibitorservices@SignatureBoston.com, and we will be happy to assist you!
General Information

ORDERING POLICIES & PROCEDURES

Pricing

Discount, Standard and On-Site rates are available for most services. To qualify for the discount rate, order requests and payment must be received 21 days prior to the show opening. Standard rates will apply to orders received after this discount cut-off date and be effective through the before move-in begins. On-site rates will apply to orders received once move in has begun.

Ordering

Exhibitors are encouraged to submit orders online at our secure and easy-to-use website, www.SignatureBoston.com. Credit card payment is required for all online orders. Exhibitors who prefer to mail in their orders and pay by check will find our Service Order Forms in the Appendix of this guide. No telephone orders will be accepted.

Exhibitors should be aware of the following when placing orders:

- All payments must be in US currency;
- The date payment is received determines the applicable rate (see Pricing above);
- Incomplete order or payment information will delay processing;
- Booth number(s) must be identified on all order forms.

Payments

Payment for services must be received in advance. Service will be delivered only after payment is received. All outstanding charges must be paid before the close of the show. Please note that there will be no additional taxes added to service charges.

Refunds

Claims for refunds must be submitted by the exhibitor to Exhibitor Services prior to event close. Credit will not be given for services installed and not used. Refunds are issued in the same manner in which payment was received.

General Terms & Conditions

- All booth number changes must be communicated by the exhibitor to Exhibitor Services prior to exhibitor move-in. Additional charges may result, if services must be moved after initial set-up.
- All equipment and material furnished by the MCCA shall remain the property of the MCCA and shall be removed only by MCCA personnel.
- Standard wall outlets and other permanent building outlets (e.g., electrical, telephone, plumbing, etc.) are not part of the booth space and may not be used by anyone other than MCCA personnel or designated service provider.
- Service connections must be made by MCCA personnel or designated service provider.
- Connection services generally cover the installation of service to the booth area in the most convenient manner to the MCCA.
- All equipment must comply with state and local safety codes. MCCA will refuse connection to any equipment that constitutes a safety hazard.
- Unless otherwise directed, MCCA personnel are authorized to cut floor coverings to permit installation of services.
The MCCA offers a variety of electrical services through our experienced in-house team of electricians.

<td>$25.00</td>
</tr>
</tbody>
</table>

24 hour power

If booth equipment requires electricity 24 hrs a day (for example, a Refrigerator), then the exhibitor should order 24 hr power.

In general, electrical service begins half an hour before the show and ends one hour after the show closes.

Add 50% to Initial Connection Rate
OVERHEAD POWER

Overhead power is available upon approval by the MCCA:

• At the Boston Convention & Exhibition Center, overhead 120v electrical is limited due to the ceiling heights. Overhead service is available under the low mechanical roof on the East and West sides of the Halls.

• If an overhead sign, truss, banner or other rigged item requires overhead 120v power, the MCCA can provide this service in any area of the BCEC.

• If an overhead sign, truss, banner or other rigged item requires overhead 208v or 480v power, the MCCA can provide this service in limited areas of the BCEC. Please contact the MCCA Exhibitor Services team for availability.

• Overhead power must accompany a rigging order.

Installation & Distribution

• MCCA Electricians will provide the initial electrical power source.

• Electrical Service is brought from the nearest column or floor port into the booth. The electrical outlets or boxes are placed in the rear of the booth along the pipe & drape line.

• Electrical boxes are left accessible inside floor ports for island booths with no pipe and drape lines and no columns in their booth space.

• For 208V & 480V connections, we require floor plans so that we may provide the electrical service in a convenient location within the booth.

• Exhibitors are responsible for distributing their own 120V electrical cords and plugging in their booth equipment. Exhibitors may choose to:
  » Hire labor from the General Service Contractor;
  » Hire a third-party Installation & Dismantle (I&D) team to perform the distribution work;
  » Bring their own company electrician to perform distribution and hardwire connections as long as he/she is a full time employee of the exhibiting company.

Terms & Conditions

• The MCCA is the exclusive provider of electrical service. All electrical equipment shall remain the property of the MCCA and may not be installed or removed by anyone other than MCCA personnel.

• All services listed include labor to install and remove said service. Rates do not include connecting of equipment, tracing of malfunctions, special wiring, or repairs. If an exhibitor requires additional electrical labor outside of the standard service, services will be billed at an hourly rate with a minimum of one hour. Labor rates are based on current wage and benefit rates and are subject to change without notice:
  » Hourly Rate (All times) $90.00

• The use of open clip sockets, duplex or triplex attachment plugs, latex or lamp cord is prohibited. All cords must be of the 3 wire grounded type and UL approved. Cords can be no smaller than 12 wire or 12 gauge. Any exposed non-current carrying metal parts of fixed equipment must be grounded.

• Electrical equipment must be properly tagged and wired with complete information as to type of current, voltage, phase, cycle, horsepower, etc.

• The MCCA cannot be responsible for voltage variations of the power company.

FREQUENTLY ASKED QUESTIONS

If the MCCA doesn’t run my electrical cords, and I can’t do it myself, who should I send my electrical layout plan to?

If you have booth floor plans that include electrical layouts, you should share that information with your preferred setup personnel. If you are working with a third-party exhibit company, they may run the cords for you. If you need to hire labor to run cords for you, the show’s General Service Contractor can help you. Typically, the General Service Contractor will include an Electrical Cord Labor Form in the Exhibitor Kit. The MCCA is happy to keep any floor plans on file for reference. In fact, we recommend that you forward your electrical layouts to Exhibitor Services for all 208V and 480V connections so that we may place the initial drop in the most convenient location possible.
How do I know if I need a 208V or 480V connection?
Most exhibitors do not require special connections like a 208V or 480V connection. Many times, these types of electrical services are required for heavy equipment and/or specialized machinery. Kindly consult with the equipment manufacturer, name plate rating or installation technician for specific details. Exhibitors who bring their own distribution panels may need one of these special connections.

How do I know how much power I need to order?
When determining how much power to order for a booth, it is helpful to know how much total power is required for the equipment in your booth space. Below, we have outlined some standard electrical requirements (requirements may vary).

- Standard Laptop ······ 250-550 watts
- Lead Retrieval ······· 300-500 watts
- Standard Plasma TV ···· 300-400 watts

Items like laptops, standard booth lights, and televisions may be grouped together on one circuit provided they do not exceed the overall limit of the circuit or the surge protection device. There is some equipment that requires its own circuit to run properly. For example, a microwave or refrigerator requires its own dedicated circuit, so a laptop and refrigerator should not use the same power source.

I am an International Exhibitor and my equipment requires a converter to step down from 220V to 208V. Can I rent a converter from the MCCA?
The MCCA does not rent or supply power conversion equipment. Exhibitors are required to bring their own to the show.

I can’t find 208V or 480V overhead service listed on your online ordering site. How can I order this service?
208V & 480V overhead services are limited in our convention centers. All requests for such connections must be approved by an MCCA electrician; please contact MCCA Exhibitor Services for more information.
# Telephone Services

The MCCA offers a variety of telephone services through our experienced in-house telephone technicians.

</table>
**INSTALLATION & CONNECTIONS**

- Telephone Service is brought from the nearest column or floor port into the booth.

- MCCA phone technicians typically provide a line that is long enough to run anywhere in your booth. Exhibitors may have their preferred setup personnel run their phone cord(s) under the carpet to desired locations, or they may hire the General Service Contractor to do so.

- All telephone equipment can be picked up at the MCCA Exhibitor Services Desk.

**Terms & Conditions**

- The MCCA is the exclusive provider of all telephone services. All telephone equipment shall remain the property of the MCCA and may not be installed or removed by anyone other than MCCA personnel.

- All MCCA telephone equipment (except simple analog handset) must be returned to the Exhibitor Service Desk at the close of the show. Failure to return MCCA phones will result in a replacement fee.

- All services listed include labor to install and remove said service. Rates do not include connecting of equipment, tracing of malfunctions, special wiring, or repairs. If an exhibitor requires additional telephone labor outside of the standard service, services will be billed at an hourly rate with a minimum of one hour. Labor rates are based on current wage and benefit rates and are subject to change without notice:
  - Hourly Rate (All times) $90.00

**FREQUENTLY ASKED QUESTIONS**

**How do I know if I need a single-line or a multi-line service?**

Single-line phones are just like most household phones. They can be used for fax lines, credit card machines, standard telephones, and even to dial-up internet service (although we do not recommend this method of internet connectivity). A Multi-Line Service (Digital) includes one phone number with multiple line appearances and rental of one digital display phone.

**I have a wired credit card machine. Do I need to program anything specific for the machine to work on your single-line service?**

Yes. Please preprogram your machine to dial “9” before your credit card company’s number.

**How do I receive my phone number, dialing instructions, and phone/fax equipment?**

Please visit the MCCA Exhibitor Services desk onsite to pick up your equipment. At this time you will receive assigned phone numbers and dialing instructions. This information can also be provided ahead of time if requested through Exhibitor Services.

**How can I place international calls on my phone line?**

If you wish to place international calls on your phone line, please contact Exhibitor Services prior to move-in to submit this request. Otherwise, all phones will be limited to local and US numbers.
Internet & Technical Services

The MCCA offers a variety of Internet and Technical services through our experienced in-house team of technicians.

Wired Internet Connections

Exhibitors who order wired internet drops are provided with one internet connection and assistance, as needed, from our internal IT Support Services staff. All MCCA Internet services include one initial line regardless of how many IPs are ordered with the service. To have more than one computer connected at one time, exhibitors may bring their own switch or hub device and cables, or they may purchase a switch from the MCCA. Exhibitors are asked to read through the following service descriptions closely to ensure that the purchased service level is sufficient to meet their bandwidth requirements during the entirety of the show. Below are basic guidelines for ordering wired Internet services.

All services are delivered DHCP. Public IP addresses are available upon request with all of our managed services listed below. Public IP addresses are not available with our Basic Service Package. Managed Services requesting public IP addresses require manual configuration to each machine.

Custom orders for bandwidth above listed service levels below can be ordered on a case-by-case basis through the MCCA’s Exhibitor Services Department at 617-954-2230 or exhibitorservices@signatureboston.com.

INSTALLATION & CONNECTIONS

- MCCA technicians will provide one initial network cable.
- Internet Service is brought from the nearest column or floor port into the booth.
- All MCCA internet services come with one initial line regardless of how many IPs are ordered with the service. To have more than one computer connected at one time, exhibitors may bring their own routing device and cables or may purchase a switch and purchase cables from the MCCA.
- Exhibitors are required to distribute their own internet cables.
- Exhibitors may choose to:
  - Hire labor from the General Service Contractor or;
  - Hire a third-party Installation & Dismantle (I&D) team to perform the distribution work.

Terms & Conditions

- The MCCA is the exclusive provider of internet services.
- All services listed include labor to install and remove said service. Services do not include connecting of equipment, tracing of malfunctions, special wiring, or repairs. If an exhibitor requires additional internet labor outside of the standard service, services will be billed at an hourly rate with a minimum of one hour. Labor rates are based on current wage and benefit rates and are subject to change without notice:
  - Tech Rep (All times) $120.00
  - Network Engineer (All times) $150.00
- The MCCA will provide an Ethernet connection to a shared data network attachment for the use of Exhibitor’s directors, officers, employees and guests during the official dates of specified show.
- Exhibitor will be responsible for providing all hardware, software and other equipment and facilities needed to connect to the Ethernet and to use network attachment.
- The network attachment provided by the MCCA may be used only by the Exhibitor’s directors, officers, employees and guest, agents, or consultants. The MCCA network will facilitate communications between the company’s authorized users and entities reachable through the national internet.
- The Exhibitor will promote efficient use of provided networks to minimize and avoid unnecessary network traffic and interference with the work of other users on interconnected networks.
- Users of MCCA networks shall not disrupt any of the MCCA networks or any other MCCA associated networks.
- MCCA networks shall not be used to transmit any communication where the meaning of the message, or its transmission or distribution, would violate any applicable law or regulation or would be highly offensive to the recipient or recipients thereof. Mass distribution of any message, including advertising, may not be broadcast or otherwise sent on an intrusive basis to any user of the MCCA network or any directly or indirectly attached network. When requested by a user of the networks, product information and other commercial messages are permitted to be transmitted. Discussion of a product’s relative advantages and disadvantages by users of the product and vendors’ response to those who pose questions about their products may be made available over the MCCA networks. Interpretation application and possible modification shall be within the sole discretion of MCCA.
- MCCA does not make any express or implied warranty of any kind specifically. There is no express or implied warranty of merchantability or fitness for a particular purpose for the services to be provided. The protocol used on the MCCA network call for end to end verification of the accuracy of any message and such verification is the sole responsibility of the purchasing company. Similarly, these protocols provide for end to end verification of the receipt of all the data that is transmitted. MCCA will not be responsible for any loss of data from delays, non-deliveries, incorrect deliveries, service interruptions, including those caused by the negligence, errors or omissions of the MCCA, or other losses or damages. Use of information obtained via the services provided hereunder is at purchasing company’s own risk. Exhibitor is responsible for (a) the accuracy and/or quality of the information obtained or data transmitted through the MCCA network and (b) assuring that each message purchasing company sends or receives has been received.
MCCA shall not be liable to Exhibitor for any damage arising from any event that is out of the control of the MCCA. Neither shall the MCCA be liable to Exhibitor for indirect, special, incidental, exemplary, consequential or any other form of money damage, including, but not limited to, lost profits, or of the loss of data or information of any kind, however caused, and arising out of or in connection with the performance of MCCA, or the provision of services or performance hereunder, whether based in contract, tort, or any other legal theory, and whether or not MCCA has been made aware of the possibility of such damages.

In no event shall liability exceed a refund of amounts actually paid to MCCA by Exhibitor for this network attachment.

The network attachment shall be made available to Exhibitor by MCCA before the beginning through the end of the specified conference.

The MCCA will provide a network attachment via an Ethernet connection at the Exhibitor’s booth. At its own expense, the Exhibitor is responsible for providing the computer, attachment to Ethernet, electric power and all other hardware and software required to use the network attachment.

**FREQUENTLY ASKED QUESTIONS**

**I ordered a Managed Service that required IP Addresses. How and when do I receive this information?**

When you are onsite and ready to configure your computers, please visit the Exhibitor Services desk to retrieve your IP Information.

**Do you have wireless internet?**

The MCCA offers free wireless internet service throughout meeting rooms, lobbies, and expo halls; just open your internet browser and look for the BCEC Wireless Network. This service is designed for casual users and not guaranteed. If you are relying on the internet to showcase your product or services we strongly recommend a wired internet connection for guaranteed service.

**I see that you don’t offer hubs for sale. What is the difference between a hub and a switch? Can I bring my own hub or switch?**

The MCCA offers switch devices for sale instead of hubs because switches are known to provide better performance with a lower failure rate. Exhibitors are welcome to provide their own hub or switch for all internet services.

**What is bandwidth and how do I know how much I need?**

Bandwidth is the “size of the pipe” that data can traverse. The bigger the bandwidth, the faster data can be transferred. To find out how much bandwidth you require, please consult with a technical representative in your company or look for program specifications listed with any demonstrations or downloads you plan to run.

**I need to access my company’s network while I’m exhibiting at your facility. Which service will allow me to do this?**

Exhibitors who need to connect remotely to their company’s network using a VPN (Virtual Private Network) with authentication information like passwords, certificates, or “tokens” can do so with any of our services, however they should confirm with their IT department for the use of DHCP or public IP address requirements.

**What is a VLAN?**

A VLAN (Virtual Local Area Network) allows a network of computers to behave as if they are connected to the same service even though they may actually be physically located in different areas around the facility. One of the biggest advantages of a VLAN is that when a computer is physically moved to a different location, it can stay on the same VLAN without any hardware reconfiguration.

**I ordered a switch and cables, how and when do I get them?**

When you are ready for your switch and internet cables, please visit the Exhibitor Services Desk.
Rigging Services

**The MCCA provides rigging and overhead lighting services through our service contractor, JCALPRO.**

### Planning Ahead for Rigging & Lighting Services

Diagrams and booth layouts are essential for planning rigging and lighting services. In order to ensure efficient delivery of required services, Exhibitors must submit rigging plots, drawing, blueprints, or engineers’ certification with their orders. Diagrams must include the location, dimensions and weight, and the height from the floor to the top of the suspended item. Diagrams must also show booth outline with aisles or neighboring booths marked for reference and orientation.

<table>
<thead>

<th>ON-SITE</th>
</tr>
</thead>
<tbody>
<tr>
<td>Basic Rigging Package</td>
<td>$1,736.00</td>
<td>$2,083.00</td>
<td>$2,500.00</td>
</tr>
<tr>
<td>This package includes all lifts, labor, and rigging equipment (cables, pipes, and hardware) necessary to install and take down one sign/banner weighing less than 150lbs, measuring less than 20’ in length, and less than 175 square feet. The package service is provided during standard service hours, Monday-Saturday 7am – 12am, except holidays. If service is required outside these times, then a Team Labor Hour must be ordered in addition to the package.</td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

| Electrical Rigging Package | $2,099.00 | $2,411.00 | $2,893.00 |
| This package includes the Basic Rigging Package plus labor to connect electrical service to an Exhibitor sign/banner. Overhead electrical service for rotator, motor or lighted sign must be ordered separately. Please see Electrical services section for details. |

| Team Labor Hour | $273.00 | $328.00 | $394.00 |
| Exhibitors may request rigging service on Sundays, holidays or outside the package service hours (Monday-Saturday 7am – 12am). In this case, a Team Labor Hour must be ordered for each rigging package ordered. In addition, when receiving a custom quote for rigging and lighting, team labor hours will be quoted for all labor hours required that are not covered by the Rigging Packages such as building of truss, focusing and attachment of lights, and lighting maintenance. |

### Custom Rigging & Lighting Solutions

The MCCA/JCALPRO also offers customized rigging and lighting solutions for Exhibitors with more complex or unique requirements. This option is best suited for Exhibitors with larger signs, multiple signs, and/or overhead lighting needs.

Custom Rigging and Lighting Solutions still require flexibility in load in and load out time. If you require a specific load in or load out day and/or time, hourly rates may apply (see Terms and Conditions – Page 17).
Custom Rigging & Lighting solutions may only be ordered with a pre-arranged quote.

Please contact JCALPRO at 1.617.954.2345 to initiate this process. Quotes will be issued in an easy-to-order format, and will typically include a base Rigging Package for labor charges and some combination of the following items as necessary.

* For Custom Rigging please contact JCALPRO at 617.954.2345, as these services are not available for online ordering.

A variety of lighting options are available to brighten exhibit space. While lights cannot be attached directly to our ceiling, lighting can be suspended above exhibit space by utilizing truss and motors.

**Source 4 Par (575 watt, 750 watt)**
This fixture is best used to create a wash effect or cover a larger area with light. It is available in 575 watt or 750 watt. Lenses are available in Very Narrow (VNSP), Narrow (NSP), Medium (MFL), Wide (WFL).

<table>

**JCALPRO** is the exclusive rigging vendor at the Boston Convention & Exhibition Center (BCEC). If an exhibitor is exhibiting at the BCEC and requires rigging services for the booth, JCALPRO is the only vendor authorized to hang signs, banners, or lighting in the booth space.

- If an Exhibitor requires specific load-in/load-out dates and/or times, then a base rigging package may not be applicable. In this case, a special quote for required crew and lift equipment will be prepared using the following hourly labor and weekly lift rental rates:

**weekly lift rental items**
- **24’- 32’ Scissor Lift**
  - **Rate**: $750.00
- **40’- 45’ Boom Lift**
  - **Rate**: $950.00
- **60’ Boom Lift**
  - **Rate**: $1,600.00

**dimmer racks & lighting controls**

These items are optional with individual fixtures or small lighting kits, but mandatory with larger lighting kits. The dimmer rack is a large “outlet” that all lights plug into to create a central control location. A dimmer rack, depending upon size, can be placed in a booth or attached to the truss and kept in the air. The lighting console/control plugs into the dimmer rack to dim or control individual lights, groups of lights, or all lights at once.

Electrical service is not included and must be ordered separately.

### Dimmer Control 1.2 x 4
- **discount**: $90.00
- **standard**: $108.00
- **onsite**: $129.00

### Dimmer Control 2.4 x 12
- **discount**: $168.00
- **standard**: $202.00
- **onsite**: $242.00

### Dimmer Control 2.4 x 24
- **discount**: $358.00
- **standard**: $430.00
- **onsite**: $516.00

**terms & conditions**

- All rigging must conform to the rules, regulations, and facility limitations of the MCCA and any show management regulations.
- All equipment, signs, products, etc. must be designed to suspend safely. Care must be taken to use only rated rigging hardware when designing, constructing or purchasing such items. Any equipment, signs, products etc. deemed to be unsafe for overhead suspension by MCCA/JCALPRO will be substituted or denied.
- The use of any type of tape/adhesive for attaching signs, banners, or decorations to the building walls or decorative surfaces is not permitted.
- All assembly of equipment, signs, products necessary prior to hanging, etc., will be the responsibility of the Exhibitor.
- Failure by Exhibitor to submit accurate diagrams prior to load-in will delay set-up and could incur additional cost.
FREQUENTLY ASKED QUESTIONS

How do I know if I qualify for the Basic Rigging Package Rate?
Find out the dimensions and weight of your sign. If your sign weighs less than 150 pounds and is less than 20’ in length and less than 175 square feet and does not require electrical rigging, truss, or motors, you will qualify for the Basic Rigging Package. If your sign is motorized or needs electrical rigging (for example a rotating sign or a sign with lights), you qualify for the Electrical Rigging Package.

Can I order lighting to be suspended from the ceiling?
If you would like to order lights to brighten up your booth or illuminate specific objects, you will need to get a quote from JCALPRO. In most cases, lights cannot be attached to our ceilings. Instead we can provide you with truss, using motors, to create a lower “ceiling” and then hang lights from that truss. We will require a diagram showing your booth layout and exactly what you want illuminated in order to put together a quote.

Do I ship my sign to you to put it together?
No. Although JCALPRO provides labor to hang the sign, the General Service Contractor (GSC) handles all shipments. You may build your sign or hire the GSC to put it together for you. When the sign has arrived at the building and has been assembled, we will hang it for you. Be sure to keep this in mind when making your time and day requests for sign hanging.

Can I request load in and load out times?
Yes, the Rigging Order Form has a space for you to indicate your preferred up and down times. Please note that your preferred timing is not guaranteed; however, we do try our best to cater to your requests. If you absolutely need a specific install or take down time, additional charges will apply. If you do not provide a diagram or layout prior to load-in, then you may experience set-up delays and additional cost.

What type of diagrams should I send?
The most useful diagrams are on a proportioned grid to show the dimensions of the booth, the exact desired placement of hanging items, and orientation of the booths around yours. As a general rule, pictures from previous shows and pictures of the sign only are not as helpful as current diagrams of the entire booth space with the placement, height, and weight of the sign(s) or hanging item(s).
Plumbing Services

The MCCA offers a variety of plumbing services through our experienced in-house team of plumbers.

</tr>
</tbody>
</table>
**Installation & Connections**

- Plumbing Service is brought from the nearest column or floor port into the booth.
- Air and Water connections are available in limited locations on the exhibit floor. Connection sizes and booth locations all factor into planning to supply air and water to exhibitors. Please provide a floor plan of the exhibit space indicating locations that require air or water service as well as connection requirements well in advance of exhibitor move-in.

**Terms & Conditions**

- The MCCA is the exclusive provider of all plumbing services. All plumbing equipment shall remain the property of the MCCA and may not be installed or removed by anyone other than MCCA Personnel.
- Exhibitors are not permitted to fill or drain their own equipment, use individual air compressors, or bring their own compressed gases from an outside vendor.
- All services listed include labor to install and remove said service. Rates do not include connecting of equipment, tracing of malfunctions, special wiring, or repairs. If an exhibitor requires additional plumbing labor outside of the standard service, services will be billed at an hourly rate with a minimum of one hour. Labor rates are based on current wage and benefit rates and are subject to change without notice:
  - Hourly Rate (All times) $90.00

**Frequently Asked Questions**

**Do all water connections need a drain?**
While most water connections do require a drain service, there are some cases where the drain is unnecessary. When the water provided is being consumed or evaporated, a drain is not needed. For example, exhibitors using water service for a coffee machine do not need to order a drain because the water is being consumed.

**Will you provide the fittings and hoses for my water and drain connections?**
To ensure that your booth’s equipment runs properly we ask that you supply your own regulators, filters, and hoses.
When would I need to order a Fill and Drain Service?
Some of the most common reasons exhibitors order fill and drain are for items like fish tanks, pools, tubs for display, or running water displays. We use large hoses to fill vessels requiring water and then use existing drains in the floor to remove the water at the end of the show. Exhibitors are not permitted to bring their own water or use MCCA sinks to fill their own equipment.

My booth requires a sprinkler system. What plumbing service should I order?
If your booth requires a sprinkler system, you will need to order an individual water connection specifically for this purpose.

My exhibitor kit says I need to order a hand washing unit because I am planning to prepare food in my booth. Do you provide these units?
Levy Restaurants, our exclusive in-house catering company, can provide a hand washing unit that includes a small hand washing sink, paper towels, soap, and a discard bucket. Please consult your exhibitor kit for Levy Restaurants information or contact them directly at the BCEC (617.954.2382).

Do you allow Exhibitors to bring Helium balloons into your buildings?
No, unfortunately we do not allow exhibitors to bring helium balloons into the buildings.
Security Services

The MCCA is the “preferred” provider of security booth coverage for exhibitors. If your event designates another security vendor for booth coverage, you may choose to order through the event’s preferred provider as detailed in your exhibitor kit.

FREQUENTLY ASKED QUESTIONS

When do you recommend ordering security for an exhibitor booth?

Our public safety department strongly suggests ordering security for booths planning to have VIP celebrity appearances, book signings etc., to monitor crowd control and escort as needed. Also, exhibitors with expensive or rare equipment in their booths may consider security for the overnight hours between show end and the next day’s show start.

Is there general overnight security in the exhibit hall?

The MCCA provides 24 hour security coverage for the facility; however, security coverage for the exhibit hall is determined by the show organizer and may vary from event to event.

EXHIBITOR PARTICIPATION REGULATIONS

ACCESS CONTROL AND CREDENTIALING

Exhibitors accessing the BCEC – including exhibitors traveling to the BCEC, unloading exhibitor-related cargo and parking at the BCEC – must be credentialed by the BCEC Public Safety Department before entering the facility. Issued Exhibitor Credentials must be worn on the outermost garment (or on the right wrist if an ID band is issued) of the exhibitor (employees and contractors) at all times while inside the facility.

Exhibitors should check in with the General Service Contractor (GSC) Marshalling Lot Trailer, or go directly to the South Parking Lot if directed by the GSC or Licensee, before proceeding into the building at Southwest Badging. Upon request and as a requirement to be issued a MCCA ID, all employees and contractors working within an MCCA facility must identify themselves with a current and valid, government-issued photo identification (preferably a valid state-issued motor vehicle operator’s license). Once positively identified by MCCA Public Safety, the exhibitor will be referred to the Licensee in order to register and receive event credentials.

ESCA identification badges are required for all General Service Contractors (GSC). Temporary MCCA credentials will not be issued to GSC employees and they will be turned away. Lost/missing credentials must be reported to, and recorded by, MCCA Public Safety. The MCCA, in its sole discretion, reserves the right to revoke credentials for violations of law, facility policies and procedures, and/or injuries against persons or property, and/or when the revocation of those credentials is in the best interests of the MCCA.

AFFIXING TO THE FACILITY STRUCTURE

The MCCA does not allow exhibitors to:

- Rig cable/hanging devices or affix any materials to the ceiling, electrical buss ducts and conduits, sprinkler pipes, ventilation equipment, windows, columns or any other physical structure at the BCEC
- Cause or permit any nails, staples, hooks, tacks, screws, or the like to be driven into the facility structure (including, but not limited to, any wall, ceiling, column, stone, window, drape, painted, carpeted or concrete surfaces of the premises)
- Erect any decorations or use adhesive materials, including tape that can deface the walls, ceilings, floors, facilities and equipment contained on the premises
- Paint or permanently cover walls, floors, ceilings, or other areas of the facility or its furnishings or fixtures

BOOTH SET-UP AND DISMANTLE

The unpacking, assembling, dismantling and packing of displays and equipment may be done by full-time employees of an exhibiting company. Exhibitors are allowed to set-up and/or dismantle their own booths, provided that they use their own bona fide, full-time employees. It is acceptable for exhibitors to safely use power tools to set-up and/or dismantle their own booths.

No one under the age of 18 is permitted on the loading docks, in truck bays or in the loading dock yard. Additionally, no one under the age of 18 is permitted in the exhibit halls during move-in or move-out operations. The Licensee will determine age restrictions, if any, for hours when the exhibit hall is open for attendees.
BOOTH STAGING

1. In addition to equipment and furniture placed within a booth space, subject to show management limitations, exhibitors are allowed to stage the following items:
   a. Boxed or loose product, materials or literature
   b. Fiber cases used to ship pop-up displays
   c. Personal items such as luggage, purses, briefcases or coats

2. The following restrictions must be observed when staging these additional items:
   a. The amount of product, materials or literature that may be staged within a booth space must not exceed a one-day supply.
   b. Items may be placed either in a display case, on a counter, on a shelving unit, in a closet, on a table, under a table or stacked neatly within the booth space.
   c. Items that are stacked must not create a tripping hazard or hamper easy movement within the booth space.
   d. Items may not be placed on or within six inches of floor ports, electrical wiring or cabling.
   e. Pallets, empty crates, cartons and boxes may not be stored in the booth space.
   f. Staging will not be allowed behind the back wall of the booth and behind the drape within the booth or exhibit area.

CABLING

No cables (telephone, Internet, electrical, audio, video, etc.) should be run in front of any doorways at any time. If cables must cross a doorway, cables must be flown — cable trays are not an acceptable substitute.

CANDLES

Candles are not permitted.

CAUTION TAPE

Use of ‘Caution Tape’ is prohibited. Yellow or red plastic tape with black stripes, or printed with ‘Caution,’ ‘Do Not Enter’ or other warning messages may only be placed by the MCCA to warn individuals of a hazardous condition. The MCCA prohibits the use of yellow or red plastic tape to restrict access to an event or exhibit display. Rope and stanchion is available from the General Service Contractor.

COOKING DEMONSTRATIONS

If cooking or heating appliances will be used, the MCCA prefers they are powered by electricity, use UL listed/approved equipment and be adequately ventilated.

An exhibitor may use butane for cooking purposes with prior approval of the MCCA Public Safety Department. Quantity inside the facility is limited to: two (2) 1-pound UL listed/approved non-refillable canisters per cooking device; one canister attached to the cooking device; and one spare canister. To prevent excessive amounts of butane within the facility, exhibitors may only use butane canisters purchased directly through the MCCA’s exclusive food provider, Levy Restaurants.

Single-well cooking equipment (deep fryer type device) using combustible oils and solids shall:

1. Have lids available for immediate use
2. Be limited to 288 sq. in. (.19 sq. m) of cooking surface
3. Be placed in noncombustible surface materials
4. Be separated from each other by a minimum horizontal distance of 2 ft. (61 cm); multiple single-well cooking units may be placed together if the aggregate cooking surface does not exceed 288 sq. in. (.19 sq. m)
5. Be kept a minimum horizontal distance of 2 ft. (61 cm) from any combustible material

Exhibitor must provide a UL listed/approved fire extinguisher no less than 30 feet (9.15 meters) from the cooking device.

Exhibitor shall provide a 6 liter, Class K fire extinguisher for hazards where there is a potential for fires involving combustible cooking media (vegetable oils, animal oils or fats in cooking appliances) for each device.

Fire extinguishers must be mounted in a visible location and accessible at all times. All extinguishers shall be currently inspected and tagged by a licensed fire extinguisher company.

Open flames, cooking or other sources of heat are prohibited under any tent, canopy or tarp.
EXCLUSIVE SERVICES

The MCCA will be the exclusive provider of the following services: food & beverage, electrical, business center, telephone, Internet, rigging, the operation of ground-supported crank-ups, the operation and provision of lifts for theatrical purposes, plumbing, the use of the house sound system, and the supply of compressed air and gases.

The MCCA is the preferred provider of security booth coverage for exhibitors. If your event designates another security vendor for booth coverage, you may choose to order through the event’s preferred provider as detailed in your exhibitor kit.

EXHIBITOR PRODUCT

Exhibitors are prohibited from offering or selling any product(s) to any employee, agent, contractor or subcontractor working at the MCCA.

At the conclusion of the event, all products must be either:

- Removed from MCCA facilities by the exhibitor;
- Properly disposed of;
- Donated to a previously identified nonprofit organization; or
- Sold to an established business, with sales receipts supplied and produced on demand.

Any MCCA employee, agent, contractor or subcontractor working in MCCA facilities who is determined to be removing and/or accepting event-related product(s) is subject to immediate termination of employment or prohibition from working at all MCCA facilities.

All persons, vehicles, bags, containers, etc. are subject to search.

FIRE SAFETY REGULATIONS

Exhibits and decorative materials must meet the requirements of the Code of Massachusetts Regulations – 780 CMR EIGHT EDITION (Building Code). The Massachusetts Department of Public Safety (DPS) has jurisdiction over all safety matters of the MCCA. The DPS, in conjunction with the City of Boston Fire Department (BFD), provide guidance to the MCCA for a safe venue for all guests and employees at our facilities.

Prior to the show opening or at any time during the event, the MCCA Public Safety Department or other agency may inspect booths and other assembly areas to ensure these requirements are met. If they are not, adjustments can be costly – if a display is determined to be a hazard it may be ordered removed from the facility at the exhibitor’s expense.

These requirements shall apply whether the event is open or closed to the public. The below topics are the minimum fire safety requirements for all events and are designed to provide an overview; the MCCA Public Safety Department reserves the right to make any final decision for life safety issues. Our sole effort is to ensure the success of your event and safeguard the safety and experience of all our visitors.

FIRE SAFETY LIMITATIONS

The following limitations apply to all exhibits located in the exhibition halls in the BCEC:

1. The following items are fire hazards and are prohibited for use in the BCEC:

   a. Compressed flammable gases. Exception: Butane for cooking purposes with prior approval of the MCCA Public Safety Department (see Cooking Demonstrations)

   b. Pyrotechnics, flammable/combustible liquids, hazardous chemicals/materials, blasting agents and explosives

   c. Cut Christmas trees, cut evergreens or similar trees

   d. Fireplace logs, charcoal and similar materials

   e. Untreated mulch and Spanish moss or similar vegetation

   f. Untreated hay or straw

2. Any interior finish, either permanent or temporary, will be required to meet the requirements of the Code of Massachusetts Regulations – 780 CMR EIGHT EDITION (Building Code).

3. The following rules apply regarding flame-retardant treatments:

   a. All curtains, drapes, banners, decorations and acoustical material (including but not limited to cotton, hay, paper, straw, moss, split bamboo and wood chips) must be flame-retardant treated to the satisfaction of the Massachusetts Department of Public Safety. Material that cannot be treated for flame retardancy shall not be
used. The GSC or individual exhibitor must have on-site a copy of the Certificate of Flame Resistance for all floor covering, curtains and rigged signage. The use of carpet on walls, ceilings, seating products or as decorative material is prohibited.

b. Combustible materials, an inch or more in thickness, glass or asbestos cloth may be used without flame-retardant treatment.

c. The use of oilcloth, tarpaper, sisal paper, nylon, Orlon®, and certain other plastic materials that are not flame-retardant is prohibited.

4. Open flame devices may be permitted when they are a necessary part of the exhibit, with prior approval of the MCCA Public Safety Department. Devices must be isolated from attendees by either four (4) feet or a barrier; be placed on a non-combustible surface; be separated from other devices by five (5) horizontal feet; and have a 10 lb. ABC fire extinguisher present within the exhibit. Fire extinguishers must be mounted in a visible location and be accessible at all times. All extinguishers shall be currently inspected and tagged by a licensed fire extinguisher company.

5. The hanging or rigging of signs, displays or banners, etc. shall not interfere with the building fire sprinkler system.

6. Exhibitors are prohibited from covering displays with drop cloths, sheets, table cloths or other non-flame resistant material.

7. Storage of combustible materials in meeting rooms, ballrooms or service corridors is prohibited.

8. Exhibitors shall move, remove or arrange with the General Service Contractor to remove wooden pallets, shipping crates, cardboard boxes and other packing materials from the exhibit hall area as soon as possible. These items are not permitted in the exhibit halls during events. See Booth Staging.

EXHIBIT HALL LIFE SAFETY EQUIPMENT

Fire extinguishers are located on each of the support columns in the exhibit hall area and on the perimeter walls. All brackets are 40 inches (102 cm) from the floor. Support column fire extinguishers are primarily mounted on the northwest quadrant. Fire extinguishers on the support columns along the north end of Hall A, and those on the south side of the air walls, are mounted on the southwest quadrant. General Service Contractors (GSC) and exhibitors are required to maintain a minimum unobstructed path of no less than 48 inches (122 cm), 24 inches (61 cm) on center for fire extinguishers.

Fire extinguishers shall not be removed or temporarily relocated by any exhibitor, the Licensee or the GSC. The GSC is responsible for ensuring that egress paths, emergency exits, fire extinguishers, fire pull stations, fire department value boxes, fire alarm flashers and AEDs are not obstructed or obscured from view at any time in the facility. Anyone found responsible for moving, removing or blocking fire safety equipment is subject to a fine.

FLAME-RETARDANT TREATED MATERIALS

The following rules apply regarding flame-retardant treatments:

1. All decorations, drapes, signs, banners, acoustical materials, hay, straw, moss, split bamboo, plastic cloth, and similar decorative materials shall be flame-retardant to the satisfaction of the Boston Fire Department and State Fire Marshal.

2. Combustible materials, 3/8 inch or more in thickness, glass or asbestos cloth may be used without flame-retardant treatment.

3. The use of oilcloth, tarpaper, sisal paper, nylon, Orlon®, and certain other plastic materials that are not flame-retardant, is prohibited.

4. Table coverings used in exhibit halls must be flame-retardant treated, unless they lie flat, and have an overhang of no more than six (6) inches.

5. All materials must be certified by the Boston Fire Department within six (6) months of the event. The Boston Fire Department does not accept certificates from other jurisdictions. Materials may be sent directly to the Boston Fire Department for testing.

6. The City of Boston Fire Code prohibits the use of:
   - Fabric attached to a ceiling or used to cover any portion of an exhibit
   - Carpet on ceilings, walls, seating products, or as decorative material
LASERS

The use of lasers for exhibit demonstrations or visual effects for entertainment must be approved by the Licensee and the MCCA Public Safety Department. All lasers must comply with Code of Massachusetts Regulations 105 CMR 120.000, and be registered and approved by the Massachusetts Department of Public Health. Regulations and applications are available from the Massachusetts Department of Public Health.

FOOD & BEVERAGE SAMPLES

The MCCA prohibits any food or beverages from being brought into the building, except by Levy Restaurants, the exclusive food & beverage service provider. The distribution of food and beverages, regardless of type and/or quantity, is the sole responsibility of Levy Restaurants.

Levy Restaurants is the official caterer for all food and beverage services within the BCEC. All arrangements for the service of food and/or beverages must be made through the catering office. Food and beverage sampling in conjunction with specific exhibits may be permitted, but only to the extent approved in writing, in advance, by a Levy Restaurants Catering Sales Manager.

In order to obtain authorization from your Catering Sales Manager to distribute food and beverage items, one of the following conditions must exist:

1. The party interested in distributing food and/or beverage must be the manufacturer of said product. The interested party must only distribute sample sizes (2 ounces of pre-packaged food items or 4 ounces of non-alcoholic beverages) of his/her product, and cannot participate in cash sales of said product during the show.

   -OR-

2. The party interested in distributing food and/or beverage items must pay a fee, which is based on a percentage of retail pricing for the item and is subject to all applicable administrative fees and taxes, in order to waive its right to exclusivity under the MCCA/BCEC License Agreement.

If a party brings unauthorized food and/or beverage items into the BCEC and does not subsequently meet one of the conditions listed above, the party must immediately remove the unauthorized item(s) from their exhibit or meeting space.

Temporary Food Service Permit Application

The City of Boston Inspectional Services Division requires a temporary food service permit for any food & beverage served at the BCEC that is not sourced through Levy Restaurants. Permit fees begin at $30.00 for a one-day permit, with $5.00 for each additional day of sampling (example: a 3-day permit costs $40.00).

GLITTER, CONFETTI, POPCORN AND OTHER MATERIALS

The use of glitter, confetti, sand, popcorn or simulated snow types of material is not permitted in the BCEC. Additionally, adhesive-backed decals may not be given away or utilized.

GRATUITIES POLICY

It is against the MCCA’s policy for any employee or service contractor to accept gratuities or gifts from the Licensee and/or any exhibitors. Offering of tips and gratuities to personnel employed by the MCCA, or its contractors, agents or suppliers, is not necessary and strictly prohibited. If you are approached or solicited by any MCCA or service contractor personnel for gratuities, please report this violation to the Chief of Public Safety at 617.954.2222.

GUARDRAILS AND STAIRS

Any platforms exceeding 30” in height will require a Massachusetts State building code compliant guardrail system. The guardrail shall be 42” in height, with balusters or solid material such that a sphere with a four-inch (4”) diameter cannot pass through any opening.

The guardrails shall not have an ornamental pattern that would provide a ladder effect. This includes a guardrail on stairs.

The guardrail system shall be capable of withstanding a load of 200 pounds (minimum).

Stair construction shall meet Massachusetts State building code for riser height of 7” maximum and a tread depth of 11” minimum. These stairs shall have a handrail that shall be continuous, without interruption by newel posts, other
structure elements or obstructions. Handrails shall not be less than 34” or more than 38”. The handrail ends shall be returned to a wall or post. All stairway handrails shall have a circular cross section with an outside diameter of at least 1-1/4” and not greater than 2”.

Stair width shall be a minimum of 36”. Many multi-level displays are designed without risers, which is not permitted by the Massachusetts State building code as the stairway is part of a means of egress. The easiest way to address this issue with minimal cost is to secure a fitted piece of fire-rated plywood or sheet rock between the stringers against the back of the treads.

**HAND-CARRY POLICY**

The MCCA reserves the right to restrict all freight and package deliveries to the loading dock. MCCA Public Safety personnel will be on site to direct and assist exhibitors during move-in and move-out.

For the convenience and safety of exhibitors and patrons, all freight and material handling must enter and exit the facility through the loading dock. The Licensee and its exhibitors will be allowed to hand carry one item, one time, in or out of the facility without having to access the loading dock. (Hand-carried freight is defined as one item that can be easily carried by an individual, without the need for dollies or other mechanized equipment.)

No parking is allowed at the entrance of the facility, and the use of passenger elevators for movement of freight is not allowed. All packages are subject to inspection by facility personnel.

This policy is strictly enforced at The Westin Boston Waterfront Hotel skybridge as well.

**LIGHTS**

Only Underwriters Laboratories (UL) approved, clamp-on types of portable spotlights are allowed. All display lights must be turned off when the exhibitor leaves for the day. Only UL approved extension cords 12 gauge or greater, rated for 20 amp, are allowed. Note: Household extension cords are not permitted. These are generally 14 or 16 gauge and only rated at 15 amp.

**MEANS OF EGRESS**

The travel distance within an exhibit booth or exhibit enclosure (including temporary office/meeting spaces) to an exit access aisle shall not exceed 50 feet (15 meters). There should be a minimum of two (2) separate exits from any point in the hall or room where the occupant load is less than 500 persons. Where occupant loads are between 500 and 999 persons, there shall be a minimum of three (3) separate exit doors. Where occupant loads are 1,000 persons or greater, there shall be a minimum of four (4) separate exit doors.

Exits must be so located and exit access arranged so that exits are readily accessible at all times. Where more than one exit is required, exits must be remotely located from each other and arranged and constructed to minimize any possibility that more than one may be blocked by a fire or other emergency condition.

Where exits are not immediately accessible from an open floor area, safe and continuous unobstructed passageways, aisles or corridors leading directly to every exit must be maintained and arranged, to provide access for each occupant to at least two exits by separate ways of travel. At no time should an exit door or exit access door be locked, blocked or obstructed in a manner that will confuse or slow the movement of any people within the area. This requirement will also be in effect during the “move in” and “move out” of events.
During certain events, the total occupancy of larger meeting rooms and the ballrooms meeting room(s) being used may not require all the exit capacity provided for that area. In these cases, a special review will be done on the request to close some of the exit doors. An explanation, along with detailed drawings showing these doors, must be submitted for approval. If approved, the doors and exit signs must be covered to prevent any confusion to the occupants.

### MOVE-IN PROCEDURES

All exhibitor move-in is restricted to the BCEC Loading Dock. No exhibitor will be allowed access with his or her move-in materials via any other entrance to the facility. Please note the hand carry rule within the Exhibitor Participation Rules/General Conditions Section of the Event Guide.

### MULTI-LEVEL BOOTHS AND CEILINGS/CANOPIES

#### Guidelines for Covered Exhibits With Less Than Three Hundred (300) Covered Square Feet

All materials used in the construction of covered exhibits and all decorative materials within the exhibit must be non-combustible or limited combustible (flame-retardant) materials. Certification of flame retardant treatment, along with samples of said materials, must be submitted, if requested by the MCCA Public Safety Department or the Massachusetts Department of Public Safety. It is strongly recommended that certifications of flame retardant treatments be available at show site to avoid on-site testing of materials.

Fabric must pass the NFPA-701 Code for flame spread and smoke development - Class A, Flame Spread less than or equal to 25, Smoke Developed less than or equal to 450. Canopies and tarps must be fire resistant and meet CPAI 84 (Canvas Products Association International) specifications. The original flame retardant compliance tag must be attached to tent, canopy or tarp.

The use of tents inside the Convention Center requires a special permit from the Massachusetts Department of Public Safety. Please contact the MCCA Public Safety Department at 617.954.2222 for assistance.

Exhibitor must install a single station and battery operated smoke detector on the interior of each covered exhibit or structure, including enclosed storage closets, regardless of the square footage. The detector must sound an audible alarm and be installed per the manufacturer’s instructions.

Exhibitor must provide at least one (1) 10 lb. ABC, dry chemical fire extinguisher. Fire extinguishers must be mounted in a visible location and accessible at all times. All extinguishers shall be currently inspected and tagged by a licensed fire extinguisher company.

A single exhibit or group of exhibits with ceilings that do not require sprinklers shall be separated by a distance of not less than 10 feet (3050 mm) where the aggregate ceiling exceeds 300 square feet (28 square meters).

Open flame, cooking or other sources of heat are prohibited under any tent, canopy or tarp.

#### Guidelines for Multi-level Exhibits (regardless of the size) and Covered Exhibits With Larger Than Three Hundred (300) Covered Square Feet

Requests for construction of multi-level exhibits (regardless of the size) must be authorized by show management before being reviewed by the MCCA Engineering and Maintenance Division and MCCA Public Safety Department. To ensure the success of your exhibit, please read and comply with the following guidelines:

1. Plans should be submitted a minimum of 90 days before the move-in date of the event and must adhere to the following:
   a. They must be scaled, signed and dated by a registered architect or professional engineer.
   b. They must include the show name and dates.
   c. They must include exhibitor’s name and assigned booth number.
   d. They must include directional information (i.e. indicate neighboring aisles and/or booth numbers).
   e. They must indicate maximum exhibit height, within the booth. Height guidelines are established, per event, by show management.
   f. They must include connection details for the elevated floor and stairs, and permitted loading for furnishings, storage units, work surfaces or occupants who will be permitted access to the upper level.
   g. They must include a floor loading schedule that identifies the maximum safe floor loading, fixture loads (dead loads) and occupant loading (live loads), establishing what shall be the effective limits.

2. All materials used in the construction of multi-level and/or covered exhibits and all decorative materials within the exhibit must be non-combustible or limited combustible (flame-retardant) materials. If requested, certification of flame-retardant treatment, along with samples of said materials, must be submitted to the Massachusetts Department of Public Safety for testing. It is recommended that certifications of flame retardant treatments be available at show site.

Continued on page 39.
3. Exhibits with an enclosed room or occupied second story must post notice at the bottom of the stairway, indicating maximum permitted occupancy (or total permitted weight load of the second level).

4. If second level is to be occupied and greater than three hundred (300) square feet, or is designed to hold 10 or more persons, two (2) stairways are required, remote from each other. If second level is to be occupied and less than three hundred (300) square feet, one (1) set of stairs is permitted.
   a. Stair construction shall meet Massachusetts State building code for riser height of 7” maximum and a tread depth of 11” minimum.
   b. These stairs shall have a handrail that shall be continuous, without interruption by newel posts, other structure elements or obstructions.
   c. Handrails shall not be less than 34” or more than 38”. The handrail ends shall be returned to a wall or post. All stairway handrails shall have a circular cross-section with an outside diameter of at least 1-1/4” and not greater than 2”.
   d. Stair width shall be a minimum of 36”. Many multi-level displays are designed without risers, which is not permitted by the Massachusetts State building code as the stairway is part of a means of egress.

5. Individual areas of upper decks or covered areas must be limited to dimensions that do not exceed one thousand (1,000) square feet.

6. Exhibitor must install a single station and battery-operated smoke detector on the interior of each covered exhibit or structure, regardless of the square footage. The detector must sound an audible alarm and be installed per the manufacturer’s instructions.

7. Exhibitor must provide a portable, dry chemical fire extinguisher for each level or each covered exhibit or structure. At least one (1) 10 lb. ABC portable type fire extinguisher must be provided for each three hundred (300) square feet. Fire extinguishers must be mounted in a visible location and accessible at all times. All extinguishers shall be currently inspected and tagged by a licensed fire extinguisher company.
4. Exhibitor must install at least one (1) single station and battery operated smoke detector on the interior of each covered exhibit or structure regardless of the square footage. The detector must have an audible alarm and be installed per the manufacturer’s instructions.

5. Exhibitor must provide a portable, dry chemical fire extinguisher for each level or each covered exhibit or structure. At least one (1) 10 lb. ABC portable type fire extinguisher must be provided for each three hundred (300) square feet. Fire extinguishers must be mounted in a visible location, and be accessible at all times. All extinguishers shall be currently inspected and tagged by a licensed fire extinguisher company.

The Massachusetts Department of Public Safety does not permit the use of a fire watch ordered in lieu of a temporary fire sprinkler system as an alternative method for fire safety compliance.

**PROTECT YOUR EXHIBIT AND MATERIALS**

The MCCA is not liable for, nor does the MCCA carry any insurance on, exhibitor property or fixtures. Please bear in mind that all of your exhibit material and displays are your property. Therefore, it is important that you take every precaution to protect this material. Below are some suggestions toward this end:

1. Ship your materials with a qualified carrier and be sure to lock trunks/crates.

2. If cartons are used, be sure that they are securely taped or banded and under no circumstances marked with the name or type of articles contained therein.

3. Be sure to furnish your shipping company with an accurate account and complete bill of lading.

4. Do not leave your booth unattended during the set-up period.

5. Do not leave exhibit material under tables or displays.

6. Do not include exhibit material in containers to be stored with empties.

7. At the close of the exhibit, be sure to pack as quickly as possible and under no circumstances leave your space unattended during this period.

8. If at all possible, have one of your staff remain in your space with your shipment, until it is actually picked up by the drayage contractor’s personnel.

9. Promptly report any missing items or suspicious person(s) to Public Safety.

**SMOKING**

The BCEC is a non-smoking facility. Smoking of any tobacco product or electronic cigarette (“e-cigarettes”) is NOT allowed in the building at any time. Designated smoking areas are located outside the building.

**SOLICITATIONS**

No solicitations or collections are permitted in the BCEC.

**VEHICLES AND OTHER MOTORIZED EQUIPMENT**

Vehicles that are to be brought into the BCEC must be pre-approved. In some cases, vehicles will not be allowed in the building, and there are restricted areas that vehicles cannot enter. Keys to start the vehicle, as well as any deactivation codes for security features, must be left with the Public Safety Department.

Motorized vehicles are defined as any vehicle that is propelled by an internal combustion engine, such as, but not limited to: automobiles, trucks, buses, farm equipment, construction equipment, motorcycles, snow mobiles, aircraft, watercraft and lawnmowers.

**Motorized vehicles shall:**

1. Be equipped with a locking (or taped) gas cap to prevent the escape of vapors. Fuel tanks shall not have more than three (3) gallons of fuel, or 1/8 tank, whichever is less.

   a. Exceptions:

     i. Recreational vehicles (RVs) may have up to ¼ tank of fuel

     ii. Aircraft that is on standby status and is required to have a minimal fuel level as determined by the Federal Aviation Administration (FAA) such as MedFlight®

2. Have at least one (1) battery cable used to start the engine, disconnected and the end of the disconnected battery cable, taped. It is preferred that the positive or “hot” cable be disconnected.
3. Not be moved during exhibit hours. Vehicles may not be started or operated within the exhibit hall for the first 15 minutes after the exhibit hall closes to the public for the day or final closing of the event. No vehicle may be operated on the exhibit hall without a lead person walking in front of the vehicle warning people of vehicle movement.

4. Fueling or defueling of vehicles is prohibited.

**MCCA Services**

The BCEC is the exclusive provider of the following services: food & beverage, business center, electrical, telephone, Internet, plumbing and the supply of compressed airs and gases, the use of the house sound system, rigging, the operation of ground-supported crank-ups, and the operation and provision of lifts for theatrical purposes. Most of these services are available directly to an exhibitor and should be ordered through your Exhibitor Services Center. These exclusive services are subject to prices and conditions on appropriate order forms. Discounts may apply to some services by meeting the advance payment deadlines and conditions noted on the forms.

Exhibitors may order services through the Signature Boston Exhibitor Ordering Site at www.signatureboston.com. For more information, Exhibitor Services can be contacted at 617.954.2230 or exhibitorservices@signatureboston.com.

The MCCA is the preferred provider of security booth coverage for exhibitors. If your event designates another security vendor for booth coverage, you may choose to order through the event’s preferred provider as detailed in your Exhibitor Kit.

**ATMS**

Guests will find ATMs on Level One in the North Lobby and the Wicked Good Market, and on Level 0 East.

**AUDIO/VISUAL SERVICES**

The BCEC offers in-house A/V services on a preferred basis, with a preferred audio/visual provider to help provide comprehensive event support and services. All types of audio and visual display devices, screens and computer interfaces are available, along with skilled operators. The BCEC features a digital audio system and extensive use of fiber optic cabling to distribute signals throughout the facility. The BCEC has a clear line of sight to all satellites and dedicated truck parking spaces, complete with power and signal distribution. The preferred audio/visual provider is the exclusive provider for the use of the in-house sound systems. All other A/V companies must bring in a stand-alone speaker system.

**BOOTH PACKAGES**

Services cannot be resold or bundled as a package without prior written approval.

**BUSINESS CENTER**

The MCCA in-house vendor is the exclusive service provider of the Business Center. From simple documents to complex projects and on-going programs, the MCCA business center will provide document management solutions to meet your needs. The document solutions capabilities include: copying and digital printing, document production, supplies, computer services, electronic file submission, signage, custom printing services, document distribution, pack and ship options, express and ground service, fax service with delivery of incoming messages, and desktop/word processing.

**SATELLITE SERVICES**

The BCEC has a clear line of sight to all satellites and convenient parking spots for uplink and downlink trucks. Power and signal distribution is available at all truck locations. Please contact Exhibitor Services for more details and pricing.

**Transportation**

**PUBLIC TRANSPORTATION**

We strongly encourage you to promote public transportation as an efficient option for your attendees and exhibitors. Public transportation in the Boston area is provided by the Massachusetts Bay Transportation Authority (MBTA or “The T”). A number of excellent public transportation options are available for service to and from the BCEC. South Station, the premier regional transportation center, is a ten-minute walk from the front door of the BCEC. Services available at South Station include the MBTA’s Red and Silver lines, Amtrak regional service, bus service, and commuter rail.

**TAXI AND RIDESHARE INFORMATION**

MMCCA staff will coordinate with the individual taxicab companies and the Boston Hackney Division for the needs of each event. Assigned staff will manage taxi service logistics. Level One, North Entrance at 415 Summer Street is the
required location for taxicab drop-off and pick-up. This taxi stand location will be separate from the other transportation operations for the event. MCCA Transportation staff will monitor the volume of taxis, and will request more from the taxicab companies as needed throughout the event.

Rideshare vehicles (such as Uber & Lyft, etc.) are only permitted to pick up and drop off at designated locations. These locations are event-specific, and will appear in the app when you open it to request a vehicle. Signs will be posted throughout the BCEC to direct you to the proper pick-up location.

PRIVATE CHARTER SERVICE

Any exhibitor wishing to pick up or drop off a private charter shuttle on-site must request a staging area from the MCCA Transportation Department. All requests must be made in advance by emailing MCCATransportationServices@signatureboston.com. Requests must include the name of the event, the date & time of the trip, name of the bus company, and number of vehicles being used.

Exhibitors may contract directly with the MCCA to provide charter services. Please email MCCATransportationServices@signatureboston.com to request a quote for services.

PARKING

The BCEC currently maintains 1,343 parking spaces in the South Parking Lot. There are also 200 parking spaces that are utilized for valet parking. Please keep in mind that there is no 24-hour parking or overnight parking at the BCEC. In-and-out privileges are only available to those who purchase Exhibitor Parking Passes (only offered for select events, please contact Exhibitor Services with any questions). Any vehicle left at the BCEC overnight is subject to tow at the owner’s expense.

For larger events where the amount of parking available on-site is expected to be insufficient to meet the needs of a particular event, the MCCA Transportation Department will work with local parking lots and garages to create an overflow parking plan. Vehicles will be sent off-site, and attendees will be provided with either walking directions back to the BCEC or a shuttle depending on the distance of the parking lot from the BCEC.

Please note that during events where parking is expected to fill the MCCA will restrict parking on-site to single-spaced vehicles only. Exhibitors arriving with box trucks or vehicles with trailers in tow will be directed to park off-site, and will not be permitted into the South lot until the conclusion of the event.

PARKING ON LOADING DOCK

Exhibitor staff members parking on the loading dock and displaying their loading dock parking pass on the dashboard of the motor vehicle for the purpose of unloading cargo have a limit of 20 minutes in order to do so. Exhibitor staff remaining in the loading dock area beyond the 20-minute limit, and/or who do not properly display a valid loading dock parking pass, subject themselves to towing at the vehicle owner/operator’s risk and expense.

ADA PARKING

There is an ADA area in the South Parking Lot, in the rear of the facility. Parking is available in these spaces for the same rate as standard self-parking. From there, there is a handicap-accessible sidewalk to Level Zero, where there is an entrance to the BCEC through the Southeast lobby.
Levy Restaurants BCEC
Authorization Request

Sample Food and/or Beverage Distribution

Please complete this form to receive authorization to distribute food or beverages not purchased through Levy Restaurants. Levy Restaurants has exclusive food and beverage distribution rights within the Boston Convention & Exhibition Center (BCEC) and has the responsibility to the City of Boston to strictly regulate any food and beverage activity within the BCEC. Due to strict regulations, any vendor sampling product within the above mentioned parameters must submit a sampling form to Levy Restaurants for approval.

The Selling of Food and/or Beverage products by any other entity is strictly prohibited.

Sponsoring Organizations of expositions and trade shows, and/or their exhibitors, may distribute SAMPLE SIZE food and/or beverage products ONLY upon written authorization and adherence to ALL of the conditions outlined below.

GENERAL CONDITIONS - FOOD INDUSTRY RELATED SHOWS

1. Items dispensed are limited to products Manufactured, Processed or Distributed by exhibiting companies.

2. All items are limited to SAMPLE SIZE and must be dispensed/distributed in accordance to Local and State Health Codes:
   a. Non-Alcoholic Beverages limited to maximum of 4 oz. Sample Size, served in biodegradable (or plastic) cups. No cans or bottles will be permitted.
   b. Alcoholic beverage sampling is permitted only if you are the manufacturer or distributor of the beverage. Alcoholic beverages must be “sample” sizes (2 oz. for beer/wine, .25 oz for liquor) and can only be served by a licensed Levy Restaurants bartender.
   c. Food items are limited to “bite size”, not to exceed 2 oz. portions or a 2 oz. prepackaged samples.
   d. All food/beverage items brought in are required by the Boston Health Department to have a temporary Health Permit. This includes prepackaged food samples, samples not intended for consumption on the show floor, and bottled water.

3. Vendors are responsible for all booth rental fees, electrical, plumbing, drayage and all other Levy Restaurants and/or BCEC services.

IF YOU DO NOT MEET THE CONDITIONS LISTED ABOVE, THE FOLLOWING POLICIES APPLY:

TAKE-AWAY ITEMS AND BUY-OUT FEES. Any Food and Beverage brought on premises without the written authorization from Levy Restaurants, the BCEC and [NAME Show] Management is strictly prohibited.

1. Take-away items will be assessed and approved on a case by case basis by Levy Restaurants. Take-away items are items that are distributed to attendees but are not intended for immediate consumption at the time of receipt. Requests for take-away items must be submitted no later than DATE.

2. Requests for all Food or Beverage Products brought on the premises for consumption at hosted banquet/booth events or that do not fall within the Sampling parameters listed above may incur a Buy-out Fee by Levy Restaurants. An appropriate buy-out fee will be determined by Levy Restaurants on a case by case basis; however, the buy-out fee will be based on a percentage of the retail pricing for the food and/or beverage item and is subject to all applicable taxes and service charges.

UNUSED FOOD OR BEVERAGE PRODUCT that requires pick-up or shipment after the show/event is the responsibility of the Company that is sampling the product. Absolutely NO REFUNDS of Buy-out Fees will be given for Food or Beverage Product if not consumed during show/event.
**FOOD AND BEVERAGE RELATED SERVICES** including storage, delivery, or any other service required for Food and/or Beverage products brought from the outside are not the responsibility of and will NOT be provided by Levy Restaurants.

If these services are required the following charges will be assessed:
1. $150.00 for a small visi cooler, per day
2. $300.00 for a large double visi cooler, per day
3. $25.00 per drop off and per pick-up for steward
4. $150.00 per day minimum for dry or refrigerated storage, per pallet
5. $6.00 per 5 pound bag of ice

*Both the refrigerator and cooler require stewarding labor to drop off and retrieve the equipment. A security deposit of $250 per piece of equipment will also apply.*

**SHIPPING/RECEIVING** Please note that only product you expect to be prepared by, stored by and delivered by Levy Restaurants should be shipped to Levy Restaurants. Please see the Shipping Label, fill it out and ensure it is used properly to ensure proper receiving of your product. You must contact Levy Restaurants prior to shipping items – items not expected will not be received. For all Food and Beverage not purchased through Levy Restaurants, all standard fees mentioned above will be charged where applicable, including 20% Administrative Fee and Applicable Sales Tax.

The Company named below acknowledges they have sole responsibility for the use, servicing or other disposition of such items in compliance with all applicable laws. Accordingly, the firm agrees to indemnify and forever hold harmless Levy Restaurants and the BCEC from all liabilities, damages, losses, costs or expenses resulting directly or indirectly from their use, serving or other disposition of such items.

Exhibiting firm must provide Levy Restaurants with a Certificate of Insurance showing evidence of Commercial General Liability with an each occurrence limit of $1,000,000 and naming Levy Premium Foodservice Limited Partnership and Massachusetts Convention Center Authority as additional insured. Information must be received no later than close of business (5:00 PM EST) on ________________
