

Glendale CA: To complement our extensive lines of Mil-Aero and space-grade interconnect technologies, Glenair, Inc. is pleased to announce that we are now supplying a complete line of high-performance RF Cable Assemblies and components manufactured with our own low-density ePTFE taped coaxial cable, produced in Glendale, CA. Glenair application engineers and product specialists are available to answer all your RF/Microwave interconnect questions at Booth # 4104 at the IMS2022 show.

Should you have any questions prior to the show, please contact Tim Smith tsmith@glenair.com for assistance.
