

# Systems Pavilion

## EASY TURNKEY SOLUTION FOR \$3,500

Attendees will be excited to visit the Systems Pavilion for interactive learning and discussion on next-generation technologies on the IMS2023 Exhibit Hall Floor, 13-15 June 2023.

**New for IMS2023!** The Systems Pavilion will feature breakthrough demonstrations from the finalists of the [MTT-Sat Challenge](#) competition.

The MTT-Sat Challenge is a worldwide competition for teams of undergraduate and graduate students to design and build radio frequency (RF) and microwave hardware for small satellites.

The Pavilion provides companies with an opportunity to showcase their products alongside compelling designs and presentations from these international teams. Attendees will not want to miss the latest advances in this area.

Systems Demo Zone  
2155

Astronics Test Systems	Faraday Defense Corp.
2450	2351

IEEE Future Directions: LEO Sats Project

## WHAT'S INCLUDED?

- Kiosk with built-in signage
- Speaking opportunity in MicroApps Theater  
*Subject to proposal review and approval*
- Electrical provided (10 amp)
- Identified as a Participant on all Systems Pavilion signage
- Highlighted in IMS2023 Attendee Promotions  
*Including eblasts, website, & conference program*

BOOK YOUR KIOSK TODAY!
