

FOR IMMEDIATE RELEASE

EZ Form Cable Announces the Newest Advancement in Semi-Rigid Cable Technology with a New .086" Phase Stable Cable Offer.

HAMDEN, CT, USA – June 1, 2022 - EZ Form Cable, a Trexon Company is proud to announce the addition of phase stable dielectric cores to our standard product offering. Initially offered in our .086" sizes, with additional sizes planned. This phase stable core will reduce the Teflon™ "knee" found in traditional core cables.

EZ Form has been at the forefront of our industry in building configured and tight phase matched cable assemblies and delay lines. We have expertise to support complex applications and have been qualified on many major military and aerospace systems.

EZ Form's EZ-PT phase stable cables are available in both build-to-print cable assemblies or as bulk cable. In addition, EZ Form can also supply RF connectors for the EZ-PT86 phase stable cable.

More information can be found at the following;
